Dear Ms. Morgan,

On behalf of myself and our Board of Directors, I would like to thank you and staff in our recent negotiations regarding allocations of Measure A funds committed to Easy Lift Transportations' Paratransit Dial-A-Ride program, in the amount of \$51,660.

Although we requested that the County continue funding Dial-A-Ride at the same amount as was committed through Measure D (\$61,000), we understand the predicament we are all under. Our Board of Directors has been informed of our continued discussions, and are in agreement to the commitment from the County.

As the community recognizes that our frail senior population continues to grow at double digit rates, we want to continue to partner with the County to address strategies to help serve this population. We again thank you for your support for this vulnerable population.

Most Sincerely,

Ernesto Paredes
Executive Director
