Lompoc Veterans' Memorial Building, 100 E Locust Avenue

Know Your Rights workshops are valuable educational events aimed at empowering renters with essential information about their legal rights and responsibilities in the landlord-tenant relationship. During this workshop, participants can gain insights into topics such as lease agreements, renter protections recently adopted by the County, and eviction processes. It serves as an opportunity for tenants to maintain safe and stable housing while understanding their legal recourse in case of disputes or challenges with their landlords. Such workshops are instrumental in promoting tenant rights, fostering better relationships between tenants and landlords, and creating more equitable and secure housing environments for all.

FOOD, CHILDCARE AND SPANISH INTERPRETATION WILL BE PROVIDED AT ALL EVENTS
