Title: Release FY 11/12 AB109 Realignment Fund Balance

1/7/2013 12:51:36 PM

Budget Action: Decrease budgeted revenues of \$727,770 in Sheriff General Fund in Intergovernmental State Revenue offset by release of Restricted Local Realignment fund

balance.

Justification: This budget revision is necessary to correct the Sheriff Department's budget for revenues received in FY 11-12 but budgeted to be received in fiscal year

12/13. Revenues related to realignment programs were received in a prior period and placed into Restricted Fund Balance because the department had not

yet incurred eligible expenditures against the revenue.

During the current year, the department will realize eligible expenditures thus enabling the release of prior year revenues to fund the programs.

This budget revision will ensure that the Sheriff Department's realignment revenue is budgeted in the amount it is expected to receive this year and that the

department is meeting the eligibility requirements for prior year revenue.

Title: CSD - Orcutt Library Remodel Establish Appropriations

Budget Action: Increase appropriations of \$471,698 in Community Services Department General Fund for Services and Supplies funded by AB1600 Developer Fees and a

release of Committed Strategic Reserve fund balance.

Justification: As previously approved by the Board on May 15, 2012 and December 13, 2011, this budget revision establishes funding for the remaining expenditures of the

Orcutt Library Tenant Improvements. The County agreed to fund \$523,500 toward the project. As of FY 2011-2012, total expenditures on this project were \$51,802. A remaining budget of \$471,698 is necessary to complete the project and needs to be established for FY 2012-2013 from the following sources: AB1600 Library Fees (\$359,698) and Strategic Reserve (\$112,000). While funding was approved from the Contingency fund in the prior FY, Strategic Reserve

is being used as the funds were not utilized and lapsed to the Strategic Reserve fund balance at the end of the prior FY.

Title: Resource Recovery & Waste Mgt. - Increase appropriations for Capital Asset Equipment

Budget Action: Increase Appropriations of \$305,000 in Public Works Resource Recovery Fund for Capital Assets funded by release of Retained Earnings.

Justification:

This budget revision of \$305,000 provides appropriations for capital improvements (scrubbers) to reduce Hydrogen Sulfide levels in gases at the Tajiguas Landfill. Hydrogen Sulfide levels have increased in landfill, due in part to the use of post processing construction and demolition materials as alternative daily cover. The addition of the scrubbers will also improve worker safety and proactively address any potential regulatory compliance issues. Funding for this appropriation will come from retained earnings. Ongoing operating and maintenance costs of the scrubbers as well as the annual purchase of treatment media will be supported by tip fee adjustments and/or operational costs.

Title: Annual Adjustment to Teeter Tax Loss Reserves

Budget Action: Establish appropriation of \$105,128 to increase Nonspendable fund balance in the General Fund funded by unanticipated revenue from Property Tax

Penalties.

Justification: This Budget Revision increases by \$105,128 that portion of the Nonspendable Fund Balance in the General County Programs General Fund that recognizes

the minimum Tax Losses Reserves required by the Teeter Plan to \$6,731,785 (1% of the current year's secured tax levy).

By statute (Revenue & Taxation Code Section 4703), each year the Teeter Plan requires the Reserve for Tax Losses to be adjusted to a minimum of 1% of the current year's secured tax levy. These Reserves for Tax Losses are established to absorb potential losses arising out of the special sales of tax-defaulted

property.
