Summary Text:

On January 15, 2013, the Board of Supervisors entered into the Board of State and Community Corrections (BSCC) Jail Construction Agreement for Santa Barbara County for the Northern Branch Jail (NBJ) AB900 Phase II project which requires delivering to the State a Final Audit of the NBJ within ninety calendar days after completion of the project.

A certificate of occupancy was issued by the California State Fire Marshal on July 27, 2021. Following the certificate of occupancy issuance there were many activities required to ready the facility for full operation including finalizing the security electronics and performance testing of the security systems for

complete functionality. The Facility was determined ready for operations and was occupied on January 22, 2022. Final construction contract completion is anticipated in the coming weeks.

The County contracted with Brown Armstrong for annual audits of the project fund in addition to the final program audit to ensure that the funds are spent in compliance with the BSCC requirements. This will help to ensure that there are no audit findings or disallowed costs at the end of the project when the BSCC audit is conducted. Seven audits have previously been completed with no findings for the Fiscal Years ending June 30, 2014 through December 7, 2021. The final program audit has been performed and the draft report is attached for Board acceptance. Once this report has been accepted it will be submitted to the State along with the final reimbursement invoice to claim the \$4,000,000 retention withholding. We anticipate receiving this payment prior to the end of the fiscal year.

The agreements require that the final program audit be prepared in accordance with generally accepted auditing standards, government auditing standards for financial and compliance audits, and the State of California, Board of State and Community Corrections (BSCC) Audit Guide. To ensure an accurate final program audit, annual audit reports were prepared and are being filed with the Board of Supervisors. The results of these reports are unmodified opinions, which indicate that financial schedules were presented fairly in all material aspects, and that there were no identified instances of non-compliance with respect to the AB900 Phase II Program requirements.

Background:

The Financial and Program Audits for the Period ending December 7, 2021 was issued by Brown Armstrong Accountancy Corporation of Bakersfield, California (Brown Armstrong) on September 19, 2020 and covered activity from inception (January 15, 2013) through December 7, 2021, the date where all state reimbursable costs were expended. Brown Armstrong issued four reports for each Fiscal Year with the following results:

- a) Report on Financial Schedules – Brown Armstrong issued an unmodified opinion for this audit period for the report on the financial schedules and related notes. An unmodified opinion is issued when the auditor has formed the opinion that the financial schedules contained in the report were presented fairly in all material respects.
- b) Report on Internal Control over Financial Reporting and on Compliance and Other Matters- Report was issued with determination that from the results of the audit testing, there were no deficiencies in internal control that are considered to be material weaknesses under *Governmental Auditing Standards* and certain provisions of the *BSCC Audit Guide*.
- c) Report on Compliance with Performance Requirements –The opinion for this report was an unmodified opinion that the County complied, in all material respects, with the performance requirements under the *BSCC audit guide* for the reporting period.
- d) Findings and Recommendations – none noted.

The County has expended approximately \$118,653,509, including land acquisition costs, on the Northern Branch Jail Project from inception through December 7, 2021 including \$80,000,000 of State eligible and \$38,653,509 of County funds.
