RE: HOOP HOUSES PROPOSED ADJACENT TO LAKE MARIE ESTATES

Ladies and Gentlemen:

Thank you for NOT passing the proposal to allow giant hoop houses in our County.

This is to request that you pass rules to keep the regular hoop houses away from from fields adjacent to the homes of folks who live close to farm fields. These structures are seriously ugly and if they crowd up against our subdivision (or others in the county), they will seriously affect the value of of our homes. It's OK to put them in remote areas where they are not visible.

This area is also becoming a tourist destination with such attractions as the Presqu'ile Winery. Tourists do not want to look at ugly things. Our tourist and wine industries are valuable to our economy. We should protect them.

Please protect us from severe financial loss, and save the tourist appeal of our County, by setting sensible rules for hoop houses.

Sincerely,
