Subject: Highway101/scenic designation

To the Santa Barbara county Board of Supervisors,

I am writing to encourage you to move forward with the designation of Highway 101 along the Gaviota Coast as a scenic highway. If there is one section of road in this county that warrants this designation, this is it! It seems logical that this stretch of highway should be designated scenic, given that the section of Highway 1 between Las Cruces and Lompoc already has this designation. While I agree that this stretch of Highway 1 is very scenic, I would have to say that the stretch of Highway 101 from Goleta to Las Cruces is even more so.

Please give this beautiful stretch of road the recognition that it deserves!

Respectfully,

Warren Powers
