RE: Hearing Regarding Proposed Rate & Fees
Date: May 13 and May 20, 2025

To: Whomever it concerns.

Your letter talked about "keeping up with the inflation," we all are at this time. I'm a Senior (90 yrs) on a Fixed Income. How can I/we keep up with all of these increases, yours and the other utility companies?

Please, do some in-office research, see where you can cut or reduce. Please, don't pass this rate increase.

Thank You, for your time

Sincerely,

L Elaine SnickBride
