Santa Barbara County Board of Supervisors,
Please enter my opposition to the presence of Immigration Enforcement Officers taking ordinary residents with no criminal history in Santa Barbara County. In addition, please oppose the building and operation of any ICE detention facilities on unincorporated county land. Also, work to safeguard our elections so that we can all vote without interference to select our government officials to represent us and our desires and needs. Thank you,

Dr. James Rolfe

Dear Board of Supervisors

I strongly support the Capps and Lee proposal!

Who would have believed the Federal Government would ever become our enemy, yet it is obvious parts of them have. We need to protect against those who would do others harm to: 1. safeguard our elections, 2. block mass immigration detention facilities - their cruel jails from being built (rented, etc) in the County, and 3. make sure that Federal enforcement agents (i.s. bounty hunters) are not allowed on County properties.

Thank you Supervisors Capps and Lee, and I encourage the rest to vote in favor of Special Agenda item 1 (number 26-00347)

Sincerely,

Rich Untermann

Hi,

We do not want ICE agents terrorizing the people of Santa Barbara! No ICE at polling places, no detention centers!

Resist fascism and state sponsored terror!

I am commenting to the Board of Supervisors in support of the Capps-Lee proposal. Please refer to Special Agenda Item 1, number 26-00347.

I agree with their proposal by Supervisors Capps and Lee to (1) protect County property from incursion by federal immigration enforcement agents, (2) safeguard our elections from federal interference, and (3) block mass immigration detention centers from being set up in unincorporated County areas.

This is a sensible and measured County effort mirroring that taking place elsewhere in the State and country to assert local control against ICE lawlessness and violence and prevent future election voter suppression.

Sincerely,
Kathleen Schartz
Santa Barbara County voter

Dear Supervisors,

I fully support this agenda item though I feel the scope of it is a bit broad and should be separate items:

1. Any LE should not be able to trespass on county land or any personal land without a warrant. If the Sherrif's department raided my house and found anything without a warrant it would be inadmissible in court. Yet ICE ignores those LAWS daily.
2. I am very concerned about the election coming up with all the efforts to disenfranchise so many voters, creating road blocks to mail in voting like the changes in the USPS delivery delays. I fear ICE and even the military may be used to intimidate voters. So anything the county and cities can do to protect the right to vote would be fully supported.
3. Not allowing detention centers (maybe better called Gulags) in our country is a start but unless all of the counties follow step they will just be in SLO or Ventura and for sure in Riverside.

Sincerely,

Edward Adams

Protecting County Property from incursions by federal immigration enforcement agents is the right thing to do for Santa Barbara County.

There is no protection for people who are *assumed* to be immigrants by the color of their skin or their acquisition of English when they need to apply or enter placers we all need to go to to take care of their health or take kids to school.

Voting safety is extremely important, too. All 3 I support!

So this one effort is worth its weight in GOLD! I SUPPORT IT.

Very much against the proposal to stop Ice from being in Santa Barbara . We are not an open border country. We have laws to follow to be an American. Lois Capps and the supervisors have ruined Santa Barbara by using all our hard earned money to allow illegals to be here without proper permits. Homeless situation you have failed and wasted our money, State street is a mess, never go there anymore, please don't turn the parking lot into an RV lot. How senseless you are for such an action. Let ice do its job . Am 80 years old, came when I was one. So sad .

I support wholeheartedly
Special agenda 1, number 26-00347 proposed by Capps and Lee to protect County property from incursion by federal enforcement agents, (2) safeguard our elections from federal interference, and (3) block mass immigration detention centers from being set up in unincorporated County areas. This is a sensible and measured County effort mirroring that taking place elsewhere in the State and country to assert local control against ICE lawlessness and violence. I wholeheartedly support it as a California registered voter without reservation!

To: sbcob@countyofsb.org

Dear Santa Barbara County Board of Supervisors Members:

We are writing in strong support of Special Agenda Item 1, #26-00347, the proposal introduced by Supervisors Capps and Lee.

This measure takes three common-sense steps to protect our community: shielding County property from unauthorized federal immigration enforcement activity, safeguarding the integrity of our local elections from federal interference, and preventing mass immigration detention centers from being established in unincorporated County areas.

Local governments across California and the country are taking similar stands to assert their authority and protect residents, and Santa Barbara County should be among them. These are not partisan actions — they are responsible exercises of local control that reflect the values of our community.

We urge the Board to vote in favor of this proposal.

Thank you for your service to our county and for considering this comment.

Respectfully,
Andrew & Debra Teton
