**SUBJECT:** Arroyo Burro Beach County Park Trash Enclosure Improvements;  
Project No. D40025; Second Supervisorial District

---

**Recommendation(s):**

That the Board of Supervisors authorize the Director of Parks to advertise for construction bids for the Arroyo Burro Beach County Park Trash Enclosure Improvements; Project No. D40025.

**Alignment with Board Strategic Plan:**

The recommendation is primarily aligned with Goal No. 5.A High Quality of Life for All Residents and Goal No. 2 A Safe and Healthy Community in Which to Live, Work, and Visit.

**Executive Summary and Discussion:**

The project includes the demolition, removal and reconstruction of the existing trash staging area (adjacent to Brown Pelican Restaurant) and the main solid waste / dumpster storage area adjacent to Cliff Drive. The solid waste holding areas will be fully enclosed to exclude rodent and birds and will include a roof to minimize storm runoff into and from the enclosure areas. The concrete flooring of the enclosure areas will be re-constructed to drain into a catch basin area that will contain and filter the water. A connection from the catch basin areas to the sanitary sewer system, which includes a grease trap, will be installed to eliminate the runoff from entering nearby Arroyo Burro Creek.

This project is funded from the Clean Beach Initiative Program under Proposition 13 , the Budget Act of 2001(Senate Bill 739) which appropriated funds from the Costa-Machado Water Act of 2000, Coastal Non-Point Source Program for clean beach projects.
