**RE: Santa Barbara County Local Coastal Program Amendment 2-11 (Medical Marijuana Storefront Dispensaries)**

Dear Honorable Chair Farr and Supervisors:

On March 8, 2012 the Coastal Commission approved LCP Amendment STB-MAJ-2-11 as submitted. The Commission's resolution of certification is contained in the staff report dated February 16, 2012.

Section 13544 of the Commission's Administrative Regulations requires that after certification the Executive Director of the Commission shall transmit copies of the resolution of certification and any suggested modifications and findings to the governing authority, and any interested persons or agencies. Further, the certification shall not be deemed final and effective until all of the following occur:

- (a) The local government with jurisdiction over the area governed by the Local Coastal Program, by action of its governing body: (1) acknowledges receipt of the Commission's resolution of certification, including any terms or modifications suggested for final certification; (2) accepts and agrees to any such terms and modifications and takes whatever formal action is required to satisfy the terms and modifications; and (3) agrees to issue coastal development permits for the total area included in the certified Local Coastal Program. Unless the local government takes the action described above the Commission's certification with suggested modifications *shall expire six months* from the date of the Commission's action.
- (b) The Executive Director of the Commission determines in writing that the local government's action and the notification procedures for appealable development required pursuant to Article 17, Section 2 are legally adequate to satisfy any specific requirements set forth in the Commission's certification order.
- (c) The Executive Director reports the determination to the Commission at its next regularly scheduled public meeting and the Commission does not object to the Executive Director's determination. If a majority of the Commissioners present object to the Executive Director's determination and find that the local government action does not conform to the provisions of the

Commission's action to certify the Local Coastal Program Amendment, the Commission shall review the local government's action and notification procedures pursuant to Articles 9-12 as if it were a resubmittal.

- (d) Notice of the certification of the Local Coastal Program Amendment shall be filed with the Secretary of Resources Agency for posting and inspection as provided in Public Resources Code Section 21080.5(d)(2)(v).

The Commission and staff greatly appreciate the County's consideration of this matter.
