Background:

The La Morada building is 6,400 square feet and its overall design fits the needs of the Youth Center with minor construction changes. The total project cost is estimated at \$590,000 (\$309,425 for construction and \$280,575 for asbestos and mold abatement, a French drain, and all other design, management and miscellaneous fees) and is funded by a grant associated to Housing and Development.

The Department of Social Services is obligated under the Welfare and Institutions Code 16500.1. (a), to provide "for children who cannot return to their biological families, to reduce the number of placements experienced by these children, to ensure that children leaving the foster care system have support within their communities, to improve the quality and homelike nature of out-of-home care, and to foster the educational progress of children in out-of-home care."

On February 6, 2007, the County of Santa Barbara entered into a contract in the amount of \$309,425 with Beachside Associates to execute the remodel. There have been several modifications to the project resulting in construction costs in excess of the \$27,971 contingency. The first Amendment in the amount of \$50,856.87 included replacing all the plumbing, adding an electrical panel, upgrading one furnace, and fire alarm modifications. This Amendment will modify the contract in the amount of \$17,038.29 to provide for plumbing repairs, new door locks, concrete repairs, flooring replacement, make the front entry handicap accessible, for a total contract amount of \$377,320.16 and add 9 calendar days to the contract for a new completion date of August 6, 2007.

Fiscal and Facilities Impacts:

Narrative: \$500,000 of the project is being funded by a grant associated to Housing and Development and Social Services has funded the project in the amount of \$112,203.
