An adequate good faith effort means that the CONTRACTOR must show that it took all necessary and reasonable steps to achieve a DBE goal that, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to meet the DBE goal. If CONTRACTOR has not met the DBE goal, complete and submit Exhibit 15-H: DBE Information – Good Faith Efforts to document efforts to meet the goal. Exhibit A – Statement of Work

Kim Garvey shall be the individual(s) personally responsible for providing all services hereunder. CONTRACTOR may not substitute other persons without the prior written approval of County's Designated Representative.

Statement of Work

Phase 1

All deliverables will be electronic submittal only, i.e., no hard copy deliverables.

Task 1a – Phase 1 Project Management

This task will be primarily performed by the Project Manager Kim Garvey. As listed in the RFP, it will include:

- Managing, administering, and coordinating all work, including but not limited to analysis, report preparation, QA/QC, and scheduling required to produce all services and deliverables on-time and on-budget.
- Informing the County project manager immediately of any potential for exceeding the schedule, design budget, or construction estimate prior to proceeding with work.
- Accompanying County staff to project-related meetings, workshops, and public hearings. These anticipated meetings include approximately eight (8) staff meetings and three (3) public hearings (included in following tasks).

Additional project management tasks include budget tracking, invoicing, schedule development and tracking, and subcontractor management.

The Phase 1 period of performance is assumed to be approximately 24 months.

Deliverables: Proposed Project Schedule, Invoices, Meeting Agendas, Minutes

Task 2 – Preliminary Design

2.A Kick-off Meeting with County. One of the first steps will be to hold a kickoff meeting with key M&N team members and County staff to review project objectives and discuss project schedule. Our fee assumes this meeting will be held in person at the County offices or project site, but we know this will be dependent on COVID conditions.

2.B Topographic/Revetment Condition Assessment Survey. A survey of the revetment and shoreline will be conducted using an Unmanned Aerial Vehicle (UAV). At a minimum, the survey area will encompass the above-water beach and revetment extending from the revetment promontory at the northern end of the project area to the southern terminus of Sand Point Road, as shown in Figure 1.

Figure 1: Approximate Extents of UAV Survey Area (Shaded Red)

Deliverable: Topographic/Revetment Condition Assessment Survey

P.2.20201

2.C Geotechnical Investigation. Fugro will provide geotechnical support to M&N for design of the shoreline protection. The work will be to perform a desktop-level review of existing and relevant geotechnical data in Fugro files, provided to us by others, or readily available through Caltrans or the Department of Water Resources. No field geotechnical investigation will be performed.

Deliverable: Geotechnical Report (Desktop Study)

2.D Conceptual Plans Development. Conceptual designs (plan views and representative cross-sections) will be developed for the currently proposed project (repair within existing footprint) and up to four alternatives (e.g., vertical wall, pulled-back revetment, removal of existing revetment and replacement with cobble or geotextile bags, beach nourishment). The conceptual drawings will be based on the new topographic survey and revetment condition assessment. Quantities for each alternative will be calculated in order to develop rough-order-of-magnitude (ROM) construction cost estimates for each alternative.

Deliverable: CAD Layout and Typical Sections Drawings for each Alternative

2.E Engineering Alternatives Analysis. Each of the Task 2.D conceptual alternatives will be assessed for shoreline protection performance, adaptive capacity for SLR, constructability, and cost.

Deliverable: Summary Matrix comparing Alternatives, including ROM Construction Cost Estimates

2.F Wave Uprush/Sea Level Rise Vulnerability Analyses. The wave uprush study done by M&N previously for the County will be updated and expanded with the 2018 OPC SLR projections adopted for the State of California or others which may come out during the course of the project. The M&N wave uprush/SLR vulnerability analysis will:

1. Identify two appropriate SLR scenarios from appropriate scientific guidance consistent with design life.
2. Determine appropriate design event (return period, tide level, storm surge, wave conditions) to bracket potential conditions for acceptable risk.
3. Select a representative beach profile and design section for calculating wave runup.
4. Select appropriate runup calculation method(s) based on present and future water level and site conditions.
5. Calculate wave runup and overtopping for the existing revetment.
6. Calculate wave runup and overtopping for the Task 2.D alternatives.
7. Refine design of the preferred alternative and re-run wave runup calculations to optimize design.
8. Map flooding vulnerability for present-day and future sea levels for the properties along Sand Point Road, for the existing condition and for the preferred alternative.

The wave uprush and vulnerability analyses will provide a basis for detail design and for development of a SLR Adaptation Plan.

Deliverable: Draft and Final Wave Uprush Study Report

2.G Engineering Inputs to CEQA Environmental Document. Two alternatives (in addition to the No Project alternative) will be selected to carry forward into the EIR. This task is to provide technical support for preparation of the Project Description and exhibits and any other information needed for the CEQA document and permit applications.

Deliverable: Draft and Final Project Description and Exhibits

2.H Review/Coordination Meetings with the County/PDT/Sandyland Association. Up to three (3) meetings will be held with key M&N team members, County/PDT staff, and homeowners. Our fee assumes two (2) of these meetings will be held virtually and one (1) will be in-person. One (1) of the meetings will be held to select the alternatives to be carried forward into the EIR.

Task 3 – Detail Design

3.A – 3.F – Not included in Phase 1; the 35%, 65%, 90%, and 100% PS&E will be completed under Phase 2.

3.G SLR Adaptation Plan. The main objective of the plan is to enable the County and Homeowners Association to meet the requirements of the CCC in terms of planning and adaptation for future SLR. The plan will identify potential measures to be implemented over time based on trigger criteria. Our fee assumes that the CCC will not require significant changes to the Adaptation Plan or that these changes can be addressed during Phase 2.

Deliverable: Draft and Final SLR Adaptation Plan

Task 4 – Deliverables. This was defined as a “task” in the RFP however we have chosen to include the scope and fee for preparation of the deliverables under their respective tasks. It is included to retain consistency with the task numbering in the RFP.

Task 5 – Environmental Analysis (EIR)

5.A CEQA Compliance Review Scope and Environmental Document (ED) Scoping Public Hearing. The EIR team will review existing available documents and attend a project kick-off meeting to discuss environmental issue areas that will likely be of key concern to the relevant agencies and decision makers. Additionally, we will prepare a stakeholders list and public outreach plan to assist the County in gathering early input on the EIR alternatives. The EIR team will prepare an Initial Study (IS)/Notice of Preparation (NOP), attend one (1) scoping hearing, and collect scoping comments received during the public comment period. Following the completion of the scoping process, the EIR team will provide a detailed annotated EIR outline for review by County staff.

It is assumed that all public noticing will be completed by the County and thus public noticing costs are not included in our fee.

- Draft and Final Public Outreach Plan to be maintained throughout the duration of the EIR.
- Draft and Final IS/NOP, incorporating one (1) round of consolidated comments from County staff.
- Draft and Final annotated EIR outline, incorporating one (1) round of consolidated comments from County staff.

5.B Project Description. The EIR team will prepare a concept-level Project Description to support the preparation of the IS/NOP. This Project Description will be refined in coordination with the engineering team and County staff as technical studies are completed and decisions are made as to the two alternatives to be carried forward in the EIR.

Deliverables

- Concept-level Project Description to be incorporated as a part of the Draft and Final IS/NOP.
- Draft and Final EIR Project Description, including one (1) round of consolidated comments from County staff.

- Draft and Final Concept Alternatives Memorandum, including one (1) round of consolidated comments from County staff.

5.D Supporting Studies. The EIR team will prepare a draft and final version of the following technical studies. Each of the technical studies will establish the physical and regulatory setting for the resource, document the existing conditions, describe approach and methodology for impact analysis, identify appropriate thresholds of

significance, evaluate construction, operation, and cumulative impacts, recommend feasible mitigation measures, and disclose any residual impacts.

- Air Quality and GHG Emissions Modelling and Impact Analysis Technical Memorandum.
- Biological Resources Impact Analysis Technical Memorandum (including a Biological Study Area Map).
- Cultural Resources Record Search and Consultation Summary.
- Hazards and Hazardous Materials Impact Analysis Technical Memorandum.
- Coastal Processes Impact Analysis Technical Memorandum.

Deliverables: Draft and Final versions of each study, plus a Biological Assessment/Map

5.E Meetings and Coordination. Up to four (4) meetings will be held with key M&N team members and the County staff to discuss CEQA progress and review comments. Our fee assumes two (2) meetings will be held in person and two (2) meetings will be virtually.

5.F Administrative Draft ED. The EIR team will begin the preparation of the annotated EIR outline describing the study areas, key issues, regulatory settings, significance thresholds, and summary-level descriptions of the approach to addressing potential impacts associated with the EIR alternatives. Following approval of the annotated outline, the EIR team will prepare the Administrative Draft EIR, to be delivered serially resource area by resource area or as a single compiled deliverable, depending on schedule constraints and the preferences of County staff.

Deliverables

- Draft and Final Annotated EIR Outline, incorporating one (1) round of consolidated comments from County staff
- Administrative Draft EIR, to be delivered serially resource area by resource area or as a single compiled deliverable, depending on schedule constraints and the preferences of County staff (MS Word to facilitate consolidated track changes revisions and comments)

5.G Public Draft ED and Public Hearing. The EIR team will incorporate one (1) round of consolidated comments provided by County staff and prepare a complete, compiled screencheck Draft EIR for review by County staff. Following the incorporation of final consolidated comments by County staff, the EIR team will prepare a complete, compiled Public Draft EIR. We will also prepare the required NOC and NOA for submittal to the State Clearinghouse and filing with the County Clerk.

5.J County Board of Supervisors Hearing for Approval of ED. As described in the Meetings and Coordination Task, our EIR lead, public outreach specialist, and senior technical advisor will attend the Final EIR hearing. Following certification of the Final EIR, the EIR team will support County staff with the preparation of the required Notice of Determination to be filed with the County Clerk.

Deliverables

- Meeting materials, as requested by County staff.

Task 6a – Phase 1 Regulatory Permitting

Our Phase 1 Permitting scope includes only California Coastal Commission (CCC) permit application and coordination. Permitting work for other agencies will be performed under Phase 2. It is assumed a “consolidated” County/CCC CDP will be issued by the CCC. M&N will work with County staff and homeowners to obtain all of the information needed for the CCC application package.

As the County’s agent, M&N will apply for the CCC Coastal Development Permit required for the Sandyland project. M&N will consult with CCC staff prior to submittal of the permit application. A draft application will be submitted to County staff for review and approval prior to submittal to the CCC. The permit application will include completed permit application forms, as well as supporting information such as concept plans, construction methods, water quality impact avoidance/mitigation measures, wave uprush study, SLR vulnerability analysis, alternatives analysis, SLR adaptation plan and CEQA documents (biological assessment report), as they are available. It is assumed that the technical studies prepared for the CEQA document will suffice for the permitting process and no additional studies will be required by the CCC.

M&N staff will coordinate with CCC staff throughout the application process and respond to up to two (2) requests for additional information. County staff will be updated regularly on the status of permit issues.

It is possible that CCC (and possibly other regulatory agencies) will require compensatory mitigation; M&N staff can help to define potential mitigation, but our fee does not include development of compensatory mitigation plans.

It is assumed that the final issuance of the CCC permit will be under Phase 2.

The indemnity includes the cost to defend COUNTY to the extent of the CONTRACTOR'S proportionate percentage of fault. Should one (or more) defendants be unable to pay its share of the defense costs due to bankruptcy or dissolution of the business, CONTRACTOR shall meet and confer with other parties regarding unpaid defense costs.

B. Indemnification pertaining to other than Design Professional Services:

CONTRACTOR agrees to indemnify, defend (with counsel reasonably approved by COUNTY) and hold harmless COUNTY and its officers, officials, employees, agents and volunteers from and against any and all claims, actions, losses, damages, judgments and/or liabilities arising out of this Agreement from any cause whatsoever, including the acts, errors or omissions of any person or entity and for any costs or expenses (including but not limited to attorneys' fees) incurred by COUNTY on account of any claim except where such indemnification is prohibited by law. CONTRACTOR'S indemnification obligation applies to COUNTY'S active as well as passive negligence but does not apply to COUNTY'S sole negligence or willful misconduct.

NOTIFICATION OF ACCIDENTS AND SURVIVAL OF INDEMNIFICATION PROVISIONS

CONTRACTOR shall notify COUNTY immediately in the event of any accident or injury arising out of or in connection with this Agreement. The indemnification provisions in this Agreement shall survive any expiration or termination of this Agreement.

INSURANCE

A. Minimum Scope of Insurance

Coverage shall be at least as broad as:

1. **Commercial General Liability (CGL):** Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products-completed operations, personal & advertising injury, with limits no less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate.

2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if CONTRACTOR'S has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$1,000,000 per accident for bodily injury and property damage.
3. **Workers' Compensation:** Insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease. **(Not required if CONTRACTOR provides written verification it has no employees)**
4. **Professional Liability (Errors and Omissions)** Insurance appropriate to the CONTRACTOR'S profession, with limit of no less than \$2,000,000 per occurrence or claim, \$2,000,000 aggregate.

If the CONTRACTOR maintains broader coverage and/or higher limits than the minimums shown above, the COUNTY requires and shall be entitled to the broader coverage for and/or the higher limits maintained by the CONTRACTOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the COUNTY.

B. Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. **Additional Insured** – COUNTY, its officers, officials, employees, agents and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the CONTRACTOR'S insurance at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, Cg 20 33 or CG 20 38; and CG 20 37 if a later revisions used).
2. **Primary Coverage** – For any claims related to this Agreement, the CONTRACTOR'S insurance coverage shall be primary insurance as respects the COUNTY, its officers, officials, employees, agents and volunteers. 3. **Notice of Cancellation** – Each insurance policy required above shall state that coverage shall not be canceled, except with notice to the COUNTY.

CONTRACTOR agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the COUNTY has received a waiver of subrogation endorsement from the insurer.
5. **Deductibles and Self-Insured Retention** – Self-insured retentions must be declared to and approved by the COUNTY. The COUNTY may require the CONTRACTOR to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the

retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or COUNTY.

6. **Acceptability of Insurers** – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum A.M. Best's Insurance Guide rating of "A- VII".
7. **Verification of Coverage** – CONTRACTOR shall furnish the COUNTY with proof of insurance, original certificates and amendatory endorsements as required by this Agreement. The proof of insurance, certificates and endorsements are to be received and approved by the COUNTY before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the CONTRACTOR'S obligation to provide them. The CONTRACTOR shall furnish evidence of renewal of coverage throughout the term of the Agreement. The COUNTY reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.
8. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, COUNTY has the right but not the obligation or duty to terminate the Agreement. Maintenance of required insurance coverage is a material element of the Agreement and failure to maintain or renew such coverage or to provide evidence of renewal may be treated by COUNTY as a material breach of contract.
9. **Subcontractors** – CONTRACTOR shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and CONTRACTOR shall ensure that COUNTY is an additional insured on insurance required from subcontractors.
10. **Claims Made Policies** – If any of the required policies provide coverage on a claims-made basis:
 - i. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
 - ii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of contract work.
 - iii. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the CONTRACTOR must purchase "extended reporting" coverage for a minimum of five (5) years after completion of contract work.
11. **Special Risks or Circumstances** – COUNTY reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. CONTRACTOR agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of COUNTY to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of COUNTY.

The CONTRACTOR must ensure that DBEs and other small businesses have the opportunity to participate in the performance of the work that is the subject of this solicitation and should take all necessary and reasonable steps for this assurance. The proposer must not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.
- b. Proposers are encouraged to use services offered by financial institutions owned and controlled by DBEs.

3. SUBMISSION OF DBE INFORMATION

If there is a DBE goal on the contract, Exhibit 10-01 CONTRACTOR Proposal DBE Commitment must be included in the Request for Proposal. In order for a proposer to be considered responsible and responsive, the proposer must make good faith efforts to meet the goal established for the contract. If the goal is not met, the proposer must document adequate good faith efforts. All DBE participation will be counted towards meeting the contract goal; therefore, all DBE participation shall be collected and reported.

Exhibit 10-02 CONTRACTOR Contract DBE Information must be included in best qualified consultant's executed consultant contract. Even if no DBE participation will be reported, the successful proposer must execute and return the form.

4. DBE PARTICIPATION GENERAL INFORMATION

It is the proposer's responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Department's DBE program developed pursuant to the regulations. Particular attention is directed to the following:

- a. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).
- b. A certified DBE may participate as a prime consultant, subconsultant, joint venture partner, as a vendor of material or supplies, or as a trucking company.
- c. A DBE proposer not proposing as a joint venture with a non-DBE, will be required to document one or a combination of the following:

Responsibility means actually performing, managing, and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.
- e. A DBE must perform a commercially useful function pursuant to 49 CFR 26.55, that is, a DBE firm must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work.
- f. The proposer shall list only one subconsultant for each portion of work as defined in their proposal and all DBE subconsultants should be listed in the bid/cost proposal list of subconsultants.
- g. A prime consultant who is a certified DBE is eligible to claim all of the work in the Contract toward the DBE participation except that portion of the work to be performed by non-DBE subconsultants.

5. RESOURCES

- a. The CUCP database includes the certified DBEs from all certifying agencies participating in the CUCP. If you believe a firm is certified that cannot be located on the database, please contact the Caltrans Office of Certification toll free number 1-866-810-6346 for assistance.
- b. Access the CUCP database from the Department of Transportation, Office of Civil Rights website.
 - i. Click on the link titled "Access the DBE Query Form"
 - ii. Click on "Start DBE Firms Query" linkSearches can be performed by one or more criteria. Follow instructions on the screen.

6. Materials or supplies purchased from dbes count towards the dbe goal under the following conditions:

- a. If the materials or supplies are obtained from a DBE manufacturer, count 100 percent of the cost of the materials or supplies. A DBE manufacturer is a firm that operates or maintains a factory, or establishment that produces on the premises the materials, supplies, articles, or equipment required under the Contract and of the general character described by the specifications.
- b. If the materials or supplies purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.
- c. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment shall be, by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.
