Reasons to support exemption findings (attach additional material, if necessary):

CEQA Guideline Section 15301 Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing use. The work entails renovation of existing park facilities, and the exemption is not limited by factors set forth in CEQA Guideline Section 15300.2 as the field renovation is a Class 1 exemption, does not have a cumulative impact, significant effect on the environment due to unusual circumstances, impact on a scenic highway(s), nor impact on historical resources, and the field renovation is not on a hazardous waste site.
