WHEREAS, WIC Sections 18960-18964 provide that a county may establish a child abuse multidisciplinary personnel team (MDT) within the county to allow provider agencies to share confidential information in order for provider agencies to investigate reports of suspected child abuse or neglect pursuant to Penal Code Sections 11160, 11166, or 11166.05, or for the purposes of child welfare agencies making a detention determination; and

WHEREAS, the Parties agree to form a multidisciplinary team (MDT), incorporating existing collaborative structures including the Sexual Assault Response Team (SART) protocols, pursuant to WIC Section 16524.7(d)(2) for CSEC, to build on a youth's strengths and respond to his/her needs in a coordinated manner; and

WHEREAS, this MOU defines the mutually agreed upon responsibilities of each of the Parties under the CSEC Program pursuant to WIC Section 16524.7, but is not intended to establish legal duties or otherwise alter the respective responsibilities of the Parties;

NOW, THEREFORE, the Parties set forth the following as the terms and conditions of their understanding:

I. Steering Committee

A. Purpose. To ensure that Santa Barbara County effectively implements the CSEC Program, the Parties agree to form a Steering Committee to provide oversight and leadership for the CSEC Program and to ensure that the First Responder Interagency Protocol is operating effectively.

B. Steering Committee Membership: The Steering Committee will be comprised of the Parties and other representatives of agencies that play key roles in the County's effort to eliminate sex trafficking, such as Law Enforcement, the Public Defenders Office, Court Appointed Special Advocates staff, private attorneys representing children in the Foster Care system, and a CSEC Survivor. As the State designated agency lead, Child Welfare Services staff will serve as the Chair of the Steering Committee, and will be responsible for:

- i) Convening regular Steering Committee meetings;
- ii) Providing staff to prepare agendas, take minutes and chair the meetings; and
- iii) Gathering data from the MDTs to present and analyze with Steering Committee members.

C. General Steering Committee Member Responsibilities. Steering Committee members will fulfill the following responsibilities:

- a) Ensure that an agency representative with decision making authority, or designee, is assigned to participate in Steering Committee meetings, and attends meetings regularly;
- b) Oversee the implementation of the MOU;
- c) Conduct de-identified case review to track trends, gaps in the services, resolve issues raised by the individual MDTs, and serve as a consultant to case carrying staff as needed.
- d) Report on respective successes, barriers to providing services, the sufficiency of CSEC-specific resources in the county, and areas for improvement, including recommendations for adapting the MOU;
- e) Identify appropriate and necessary training, including training in the identification and assessment of youth who are, or are at risk of becoming, commercially sexually exploited;

- f) Collect and analyze aggregate data on the numbers of identified CSEC including the response time for providing CSEC specific/Trauma-Focused services and the actual services accessed by those youth;
- g) Prepare an annual report on the CSEC Program for the State in compliance with State and Federal requirements.

III. Coordinated Response to Reports of CSEC

The Parties agree to respond to reports of identified CSEC in a systematic and collaborative manner that ensures that the needs of the youth will be addressed sensitively and efficiently. Although responses will depend on the circumstances of each case, the Parties generally agree to approach each case in the manner set forth below.

A. First Responder Interagency Protocol. In addition to routine screenings and assessments, CSEC youth may be identified through contact with law enforcement and other mandated reporters such as schools, medical facilities, youth shelters and clinics. To ensure that the Parties are alerted to the existence of a CSEC case, a First Responder Interagency Protocol is hereby established to serve as a guide on appropriate steps to take within the first 72 hours of interfacing with an identified or suspected CSEC. The Parties agree that children who are suspected or identified victims of sexual exploitation, and where a serious safety risk is present, require an immediate trauma-informed crisis response within 2 hours and intensive CSEC specific-Trauma Focused services through the first 72 hours to stabilize them.

B. Assessment. The Parties agree that an assessment of CSEC's needs and strengths must take place upon identification and on an ongoing basis. Further, the Parties agree that it is in the youth's best interest to limit unnecessary and/or duplicative assessments. To ensure that assessments are streamlined and limited when appropriate, in most circumstances, the Department of Behavioral Wellness will utilize its clinical staff from the RISE program, Juvenile Hall, and/or the Children's Clinic to conduct this initial assessment of youth who have been identified as victims of or at risk of commercial sexual exploitation.

Such information shall not be subject to subpoena or other court process for use in any other proceeding or for any other purpose pursuant to WIC Section 18961.7(c).

A. Multi-Disciplinary Response.

Once it is determined that a youth is a victim, or is a **potential victim**, of commercial sexual exploitation, the Parties will invoke a multi-disciplinary response based on the circumstances of the case. The Parties agree to serve as core members of the MDTs pursuant to WIC Section 16524.7.¹

To immediately engage and stabilize the child and address imminent safety and placement needs in a coordinated manner, CWS and/or Probation, Behavioral Wellness, and Public Health will serve as the core members of the Triage and Immediate Crisis MDTs. These agencies must:

- i) designate a point of contact qualified and trained in CSEC, to participate in the MDT via phone or in person to develop a service plan that addresses issues relating to:
 - a) safety planning;

 - c) transportation; or
 - d) other case management related services; and

- ii) work collaboratively to:
 - a) ensure the consistent implementation of the First Responder Interagency Protocol; and
 - b) communicate and resolve issues related to rapid response, service triage and placement of the CSEC.

A. Triage Response Multidisciplinary Team

The purpose of the Triage Response MDT is to assess risk factors and determine what level of MDT is needed for the youth. This MDT will also identify other entities and individuals, as appropriate, to serve on the other MDTs to most effectively meet the unique needs of the child. , These agencies or entities may include, but are not limited to, the following:

The purpose of the Immediate Crisis MDT is to address the immediate safety and placement needs of the child. This MDT may involve both a rapid response within 2 hours as well as intensive, ongoing support through the first 72 hours post-identification.

1. The following circumstances will require that an Immediate Crisis MDT be convened by phone or in person within 2- 24 hours when a high risk youth has been identified in the following circumstances:
 - a. Youth leaves, is missing, runs away, or is otherwise absent from placement/home/shelter;
 - b. Youth's placement changes or is becoming compromised;

C. Initial Multidisciplinary Team

Not all youth who are suspected or identified victims of sexual exploitation or trafficking will be in imminent danger and require an Immediate Crisis response. For these non-urgent situations, the Parties agree to coordinate and participate in an Initial MDT.

2. The Initial MDT is a team of individuals connected to the child's life. The MDT will attempt to involve the youth in meaningful planning and decision-making. The purpose

of the MDT is to plan for the child's placement, safety, and ongoing service needs. The initial MDT will:

- a. Assemble within 10 days;
- b. Orient the youth and family to the multidisciplinary teaming approach;
- c. Provide individual case-by-case collaboration with multiple child-serving agencies;
- d. Assess and address the child's short and long-term needs;
- e. Develop and coordinate a service plan;
- f. Develop a safety plan with the parent/guardian/caregiver that addresses the following:

3. An Initial MDT is an appropriate response when there is not an immediate safety risk, but when an adult suspects or identifies that a youth is a CSEC.

D. Ongoing Multidisciplinary Team

The Parties agree that children who are identified victims of sexual exploitation or trafficking require ongoing multidisciplinary team support to monitor the youth and ensure his/her needs are adequately addressed.

1. Individualized Ongoing MDTs will be held with each identified CSEC to monitor and support the youth and his/her family as the youth stabilizes. During the Ongoing MDT, members will review the case plan and safety plan, and amend as needed.
2. In addition to regularly scheduled Ongoing MDTs, a meeting should be called when any of the following circumstances or events occur:
 - a. The youth leaves, is missing, runs away, or is otherwise absent from placement/home/shelter;
 - b. The youth's placement changes;
 - c. The youth is preparing to testify in a court case against exploiter/purchaser;
 - d. The youth's behavioral health service needs change;
 - e. A change in Court disposition;
 - f. A member of the MDT identifies a need requiring case plan review or other response.

E. Engagement of the Youth

The Parties recognize that CSEC often cycle through the stages of exploitation many times before they are able to maintain a life outside of exploitation; it is also recognized that in order to be effective, interventions and services must be victim-centered. On this basis, the Parties are committed to take the steps necessary to engage the youth as a participant in his or her MDT meetings with the goal of identifying strengths and to best position the CSEC to meet his or her needs in a culturally sensitive and trauma informed way. The MDT will function in a manner that builds rapport with the youth and encourages his or her participation in developing a safety plan and deciding on placement, as appropriate to age and development.
