Re: Agenda Item 5, Workforce Housing Development at 117 East Carrillo
To: sbcob@countyofsb.org

Dear Chair Nelson and Supervisors,

As a member of the design team being considered for this important housing opportunity for our community, I wanted to reinforce our support for this team and this project.

We are excited to work with Sola Impact and be a part of this innovative approach to provide affordable housing. Sola Impact's use of pre-fabricated apartments and their use of alternative financing methods make this a pioneering approach for the County of Santa Barbara.

As the local design architect, it was important to us that the team also respect our community and our architectural heritage. We believe this project can successfully combine the strengths of innovation with our continued passion to creating beautiful architecture.

Thank you for considering our project and this vision for affordable housing for Santa Barbara.

Respectfully,

Christine Pierron, AIA
