Subject: Board of Supervisors Cell Phone Tower appeal

Dear Daniela

I just talked to you on the phone.

My husband, William W Cates, and I, Gwendolyn F Cates, will not be able to attend the Board of Supervisors Cell Phone Tower appeal because of a health issue.

My husband, William W Cates, and I, Gwendolyn F Cates, request that Shannon Clay speak to the Board of Supervisors on our behalf. It is my understanding that she will be allowed extra time to present issues that effect us and the surrounding neighborhood.

My husband and I just listed our house at Casey Avenue, Santa Ynez, CA 93460, located at the corner of Casey and Mora for sale with Patty Murphy of Sotheby's Real Estate Co. The agent was horrified that the proposed cell tower is due to be erected in our neighborhood. She said that it will definitely affect our ability to sell our house and will possibly impact the price of the property.

Thank you,

Gwendolyn F Cates  
William W Cates
