SUBJECT: Resolution for Authorization to execute a grant agreement between Santa Barbara County Office of Emergency Management and the California Department of Fish & Wildlife— Office of Spill Prevention and Response to accept oil spill response equipment

County Counsel Concurrence

As to form: Yes

Other Concurrence: N/A

As to form: No

Auditor-Controller Concurrence

As to form: Yes

Recommended Actions:

That the Board of Supervisors:

1. Adopt a Resolution authorizing County Officials to execute a Grant Agreement for oil spill response equipment with the State of California Department of Fish and Wildlife—Office of Spill Prevention and Response (CDFW-OSPR).
2. Determine the Grant Agreement, and Board action herein, is categorically exempt from the California Environmental Quality Act in compliance with Section 15061 (b), (3), (No possibility of impact on the environment), (Attachment 3).

Summary Text:

This equipment grant is part of the CDFW-OSPR's coordinated response with federal, state and local governments to manage off shore oil spills or incidents. CDFW-OSPR has made available to Santa Barbara County OEM equipment grant funding of approximately \$30,000 in equipment and supplies to

facilitate local government near shore oil spill response. Santa Barbara County Parks has agreed to participate in this grant program. The response equipment trailer measures 7 feet by 11 feet and will be placed in the fenced enclosure adjacent to the Park Manager's office at Goleta Beach. CDFW-OSPR provides the equipment and training for Parks personnel. Santa Barbara County Office of Emergency Management (OEM) has previously secured its role as part of the unified command structure representing the Operational Area and its jurisdictions. Being part of the unified command ensures local government representation during off shore oil incidents.

Background:

The Office of Emergency Management (OEM) cooperates with CDFW-OSPR and the US Coast Guard to ensure consistency between Federal, State and the Operational Area oil spill contingency actions, responsibilities and authorities. The Board is required under the terms of the CDFW-OSPR grant to adopt a Resolution authorizing execution of the grant.

Performance Measure:

OEM and Parks staff will participate in the CDFW-OSPR equipment grant.

Fiscal and Facilities Impacts:

There are no fiscal or facility impacts.

Special Instructions:

Please provide a copy of the signed resolution to OEM staff for final processing. When approved by the State, a fully executed copy of the grant will be provided to the Clerk of the Board for filing.

Send to: Richard Abrams
Office of Emergency Management
4408 Cathedral Oaks Rd
