Summary Text:

This item is on the agenda for the Board of Supervisors consideration as it has become apparent that as the community of Orcutt grows there is a definite need for future sports fields and recreation opportunities.

Auditor-Controller Concurrence

As to form: N/A

Background:

In the community of Orcutt the majority of the land for sports fields has been provided by the Orcutt Union School District. The School District no longer has excess land available for such use. The community needs a focal point to inventory the existing sports fields, identify the future needs, and to work with the County and Parks Commission to acquire and staff such needs. Seven people who are leaders and represent the various sports activity interests in the community have expressed an interest in working on such a task. It is therefore, recommended that the Board of Supervisors approve the appointment of an Orcutt Sports Commission made up of members of the community.

Fiscal and Facilities Impacts:

The Commission will be staffed by the Orcutt Staff of the 4th District Supervisor's Office and meetings will be held at available commodity locations.
