## CEQA Exemptions

On March 28, 2022, the Governor issued Executive Order N-7-22 to bolster regional water conservation efforts. The Executive Order suspends Public Resources Code, Division 13 (commencing with section 21000, also known as the California Environmental Quality Act or CEQA) and regulations adopted pursuant to that Division under specified circumstances. Specifically, projects may operate under that suspension where the Secretary of the Natural Resources Agency determines that the proposed activities are eligible to be conducted under this suspension, taking into account the purpose of accelerating conservation projects that are necessary to address impacts of the drought, while at the same time protecting public health and the environment. The Executive Order also directs the Natural Resources Agency to maintain on its website a list of all activities or approvals for which these provisions are suspended.
