Project Description: The proposed action is to set the sewer service charges and connection charges for fiscal year 2019-2020 for County Service Area 12 (CSA 12), which serves the Mission Canyon area. The service charge is proposed to increase by \$5.48 for a total annual fee of \$312.10 per user (1.79 percent increase). The revenue from this service charge funds annual operating, maintenance, and reserve costs. The connection charge is a one-time fee paid for the use of system capacity by new development, which is proposed to remain at \$5,633 per residential unit.

Cite specific CEQA and/or CEQA Guideline Section: CEQA Guidelines (CCR Section 15273(a) (1)-(4), "Rates, Tolls, Fares, and Charges".

Reasons to support exemption findings (attach additional material, if necessary): CSA 12 was formed pursuant to Resolution 84-72 by the Board on February 21, 1984 in order to alleviate health and safety concerns related to poorly performing septic systems. Operationally, CSA 12 provides wastewater collection services and tracks septic system performance for residents in Mission Canyon. Operation and maintenance includes sewer system cleaning, video inspections, and capital repairs as needed. The proposed actions are for the establishment of rates for CSA 12 for the purposes of meeting operating and capital expenses, as well as for meeting financial reserve needs required to maintain services within the existing service area. Said rates are not for the expansion of the service system. Therefore, consistent with CEQA Guidelines section 15273(a) (1)-(4), the establishment of County Service Area 12 Charges and Fees for Fiscal Year 2019-2020 is exempt from CEQA.
