#### NOTICE OF EXEMPTION

### **TO:** Santa Barbara County Clerk of the Board of Supervisors

#### FROM: General Services Department/Real Property Division

Based on a preliminary review of the project, the following activity is determined to be exempt from further environmental review requirements of the California Environmental Quality Act (CEQA) of 1970, as defined in the State and County Guidelines for the implementation of CEQA.

APN(s) 089–310–032 through –040 Case No. <u>Real Property File No. 004002</u>

LOCATION: Rear portions of APNs: 089-310-032 through -040, in the City of Lompoc

**PROJECT TITLE**: Quitclaim Flood Control Easement for Lakeview Promenade Project

**PROJECT DESCRIPTION:** The County's General Services Department is recommending to the Directors of the Flood Control and Water Conservation District that they approve and authorize a Resolution vacating an easement for flood control purposes which is no longer in use or needed by the District, thereby clearing title for the underlying property owners.

#### **EXEMPT STATUS: (Check One)**

- \_\_\_\_ Statutory
- Categorical Exemption [Section 15301]
- Emergency Project
- X No Possibility of Significant Effect [Sec. 15061(b)(3)]

**CEQA Guideline Sections:** 15061(b)(3) [*No potential significant effect on the environment*]. The vacation/abandonment/termination action is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the action in question may have a significant effect on the environment, the vacation/abandonment /termination action is not subject to CEQA.

**Reasons to support exemption findings:** The proposed vacation of easement rights will not change the existing residential use on the property. It can be seen with certainty that there is no possibility that the action in question may have a significant effect on the environment.
