Hi David,

I hope you, the commissioners and staff are doing well.

I wish I could say that my nerve pain has improved but that is not the case. I'm just doing my best to focus on the things that are most important to me right now namely, acting as liaison with our community and SBCF as we get ready to launch the Tepusquet VMP \$6.4M Grant.

Linda Tunnell and I are busy gathering info from residents and developing lists for SBCF that grants permission to do various prescribed treatment projects throughout our community. We are elated that this extensive work will help protect Tepusquet from devastating wildland fires. 🙏🥰

With that said, please add the following letter to public comment:

Honorable Commissioners,

I would like to add my voice in support of all letters and public comments that help protect our county from Negative, Class 1 impacts of cannabis. Specifically, we support requiring a CUP for Ag-II lands.

As a resident of Tepusquet that was heavily, negatively impacted by illicit growers for over 7 years, I have first hand experience in how far cannabis odors can travel. We live 1/2-mile from the farm that was finally shut down due to BOS ruling re EDRNs.

I can't express strongly enough how grateful we are that the board finally prohibited commercial cannabis activity in the EDRNs!

We continue to request that our county legislators make wise decisions, by protecting all their constituents and vulnerable citizens from the far-reaching, devastating impacts of commercial cannabis industry.

Please help our communities by ruling in favor of requiring a CUP for all regions of our county.

Respectfully Submitted,

Renee O'Neill
