Summary Text:

This item is on the agenda in order to approve the Agreement with Casa Pacifica Centers for Children and Families (Casa Pacifica) to provide Child Welfare Services (CWS) Senate Bill 163 (SB 163) Wraparound Services and Family Urgent Response System (FURS) for a total contract amount not to exceed \$1,357,122 for the period of July 1, 2022 through June 30, 2023. Casa Pacifica will provide

countywide Wraparound Services to an average ongoing caseload of 30 children/youth and families in the foster care system and FURS to current or former foster youth and caregivers who are referred directly through the state operated FURS hotline.

Background:

In 1997, Wraparound was established in California under Senate Bill (SB) 163 (Chapter 795, Statutes of 1997) which allows California counties to develop a Wraparound Services program using state and county Aid to Families with Dependent Children-Foster Care (AFDC-FC) dollars. In 2019, California passed legislation requiring the state and counties to establish a coordinated FURS for current and former foster children, youth, nonminor dependents (NMD) and their caregivers.

The SB 163 Legislation requires Wraparound Services to:

- Be family centered, individualized, culturally relevant, and strength based;
- Be team and community based;
- Identify and rely on a family's natural & community supports;
- Develop a Child and Family Team plan (CFT) to identify service needs;
- Place child in the least restrictive environment;
- Track and evaluate outcomes; and
- Reinvest cost saving into child welfare programs.

SB 163 authorized counties to utilize the state and county share of foster care placement dollars that would have otherwise been paid to a group home. The state and county share of foster care funds can be used in a flexible manner to develop and implement services designed to keep at-risk children/youth at home or in their communities and out of high placement costs. Without the Wraparound Services program, expenditures for foster care placements would be higher as more children would be placed out of home and in higher level placements. Wraparound Services can reduce the risk of out-of-home placement and recidivism by bringing individuals, agencies, and the community together as the decision-making team, with the central focus being to meet the needs of the child/youth and their family. Wraparound Services may also be used for children/youth who are eligible for Adoption Assistance Program benefits. The single most important outcome of the Wraparound Services is that children/youth are in permanent homes maintained and supported by the community.

The intent of FURS is to establish a coordinated, statewide, regional, and county-level system designed to provide collaborative and timely state-level phone-based response and county-level in-home, in-person mobile response during situations of instability for the purposes of preserving the relationship of the caregiver and the child, youth, or NMD. FURS will provide developmentally appropriate relationship conflict management and resolution skills, stabilize the living situation, mitigate the distress of the caregiver or child, youth or NMD, connect the caregiver and child, youth or NMD to the existing array of local services, and promote a healthy and healing environment for children, youth, NMDs and families.

Although Department of Social Services (DSS) functions as the lead administrator for contractual functions, oversight for Wraparound Services and FURS is jointly shared by Department of Behavioral Wellness, Department of Probation, and DSS. Key representatives from these departments work together to assure quality implementation of Wraparound Services and FURS as well as assuring that

programming aspects unique to each department system's interests are addressed. This allows the effort to function as a multi-system model.

This contract will be funded with 32% state, 27% State 2011 Realignment and 41% local funds.

DSS is mandated to fund placement costs of Wraparound using 60% County funds and 40% State 2011 Realignment. DSS will be utilizing those dollars instead to fund this contract. Therefore, this Agreement does not require additional appropriations or additional general funds than would be used absent this program.
