Hi Jason,

Is it looking like we need to delay?

Thanks,

I understand – after the summer, hearing dates become more frequent too so it won't be the end of the world.

Best,
Shannon

Not yet, we are still trying to reach a resolution with Golden State Water. If we have not reached a resolution with them by the end of the week we understand that you will have to pull the item from the docket.

Sorry for the inconvenience, but it is a sizeable cost that they are trying to add that the project is unable to bear.

Thanks,

Hi Jason,

Any updates? I need these items in order to docket – I otherwise have to pull the item very soon. Tuesday is the hard deadline where the letter and attachments have to be circulated beyond Planning & Development.

Best,
Shannon

Hi Shannon,

We are still arguing with Golden State Water, they are trying to double the amount of supplemental water required. We still hope to have resolved by endo of week.

I'll let you know as things develop.

Hi Jason,

Do you have an update on these items? We are approaching my first docketing deadlines for the August 23rd BOS hearing (July 22, 2022).

Best,
