BOARD OF SUPERVISORS

The Flood Control District requests that the Board of Directors continue item A-22 from the 2/7/23 BOD meeting to the 2/28/23 BOD meeting to provide the District time to clarify the District's role as a responsible agency under CEQA and to provide further support for the District's conclusion that the District's approval of the proposed Agreement for Construction and Dedication of Flood Control Improvements does not require subsequent environmental review.
