The Public Health Department respectfully requests this item be continued to the May 9, 2023 Departmental Agenda.

This item was docketed for the April 4, 2023 Board Departmental Agenda. The department respectfully requests this item be continued to May 9, 2023.

Although, the department affirms the critical need to allow Manuel Crisostomo to return to the Public Health Lab as Extra Help prior to 180 days, we have reassessed the immediacy of his return. Continuing this item to the May 9, 2023 Board Agenda will not impact the overall readiness of the Lab or the cross training of the new Lab Supervisor.
