Summary Text:

This item is on the agenda in order to approve the Existing Local Area Application for Subsequent Local Area Designation and Local Board Recertification for Program Year 2023-25. Santa Barbara County Workforce Development Board (SBCWDB) is submitting the application to the Board of Supervisors for approval as it is required every two years by the California Workforce Development Board (CWDB) and the State of California Employment Development Department (EDD).

Background:

SBCWDB develops innovative workforce strategies that help businesses, individuals, and industries achieve and sustain economic vitality across all communities in Santa Barbara County. The SBCWDB is a public/private partnership created pursuant to the federal Workforce Innovation and Opportunity Act (WIOA) and is staffed by an Executive Director and employees, housed within the County of Santa Barbara Department of Social Services (DSS).

The Workforce Innovation and Opportunity Act (WIOA) Sections 106 and 107 provide criteria for the subsequent designation of Local Areas and recertification of Local Boards. Specifically, WIOA Section 106 requires the Governor to designate Local Areas within the state, while Section 107 requires the Governor to certify one Local Board for each Local Area in the state that has received initial designation status. CWDB and EDD acting under the authority of the Governor, established policies and procedures and completed the initial designation of Local Areas in June 2015, which were effective for Program Years (PY) 2016-2018 and completed Local Board recertification in June 2016. The SBCWDB was recertified as part of this process.

WIOA Section 106 calls for a subsequent designation process and requires the Governor approve a request for any subsequent designation from a Local Area, if the area performed successfully, sustained fiscal integrity, and engaged in the regional planning process as described in WIOA Section 106(c)(1).

WIOA Section 107 provides criteria for the recertification of Local Boards, including requiring the Governor to certify one Local Board for each Local Area in the state once every two years. It states that, in order to be recertified, the Local Board must have met WIOA membership requirements, met or exceeded performance accountability measures, and achieved sustained fiscal integrity.

The recommended Local Area Board Recertification is effective July 1, 2023 for a two-year period, ending June 30, 2025. The County of Santa Barbara substantially meets the outlined criteria for designation. Recruitments of SBCWDB members to replace those who recently retired are in progress and are expected to bring the SBCWDB into full compliance with WIOA requirements. In the past the State Board has approved recertification of the Local Board when the membership was not complete, but plans were in place to achieve compliance. Accordingly, SBCWDB is submitting the application to the Board of Supervisors for approval as required by CWDB and EDD.
