- 2) Determine the action is exempt from the California Environmental Quality Act pursuant to CEQA Guidelines section 15061(b)(3).

Summary Text:

The Sheriff proposes to provide contract for law enforcement services to the Chumash Tribe on the Chumash reservation. The agreement includes 5 Deputy Sheriff Full Time Equivalents (FTE's). This staffing provides for one deputy on a 24/7 basis (including a shift relief factor), a fully equipped marked Sheriff's patrol car, and a fully equipped office, including computer connection at the Tribal Offices. The contract provides for the assigned deputy to leave the reservation as needed to support and back-up other law enforcement officers.

This contract is different from the "Agreements" we have with incorporated cities in the aspect that it is not intended to be an all-inclusive agreements for law enforcement services. Services such as detectives, administrative support, etc. are not included. This contract is designed to increase the time and presence of patrol deputies on and around the reservation.

Background:

The Santa Ynez Band of Chumash is a federally recognized Chumash tribe. They occupy the Santa Ynez Reservation located in Santa Barbara County, near Santa Ynez, California. The Santa Ynez Reservation was established on December 27, 1901 under authority of the act of January 12, 1891. The residents of the Santa Ynez Reservation are members of the Santa Ynez Band of Chumash Indians. The Tribe website states that there are 249 residents on the Santa Ynez Reservation and 97 homes and the Chumash Casino brings approximately 6,000 patrons per day to the reservation.

This contract identifies the details of the proposed agreement. The assigned deputies will concentrate their patrol duties within the borders of the reservation.

For several years the State's Special Distribution Fund (SDF) was used to pay for 5 FTE's to mitigate the impacts of the Casino in the areas surrounding the reservation. Recently the funding for the law enforcement services has declined to the point where a 24/7 patrol presence could not be maintained.
