Re: Application for Historic Landmarks Advisory Commission Vacancy

Dear Board Members:

I am applying for the "At Large" seat currently vacant on the Historic Landmarks Advisory Commission. I have lived in Santa Barbara since 1974 and as a preservationist and professional architectural historian I have followed the HLAC's deliberations, often in person, for many years. I believe that my keen interest in historical preservation and professional training and experience in assessing historical significance and potential project impacts would contribute a useful perspective to the HLAC's deliberations.

I have worked as a professional consulting historian for twenty-eight years, which includes employment for environmental companies and my present status as a sole practitioner. During this time I have managed and conducted research on many types of history projects, including historic architectural surveys, water rights and flood damage litigation, land use investigations, business histories and environmental contamination cases. I received a Ph.D. in History in 1986 from the University of California, Santa Barbara. My experience in architectural history includes identification, evaluation and reporting on architectural and historic properties, using criteria and standards established by the National Historic Preservation Act, CEQA, City of Santa Barbara, and County of Santa Barbara. Clients have included government agencies, architectural firms, developers, consulting companies and property owners. I am listed on the "Approved Consultants List" of architectural historians by the City of Santa Barbara, City of Carpinteria, City of Goleta, and County of Santa Barbara. I am also on the Register of Professional Historians, No. 584, maintained by the California Council for the Promotion of History.

I served for many years on the Board of Directors of the Goleta Valley Historical Society, which included several terms as President of the Board. I worked as the voluntary project manager for the restoration and repurposing of three historic buildings in the Stow House ranch compound and I am presently active on the Society's advisory committee. In recent years I have participated in special projects sponsored by Mission Canyon Association, Santa Barbara Historical Museum, and Montecito Association History Archives. Thank you for considering my application.

Sincerely,

Ronald L. Nye
Enc.

RONALD L. NYE, Ph.D.
Architectural Historian

AREAS OF EXPERTISE

- Historic and Architectural Significance Assessments
- Land Use and Business Histories
- Industrial Waste Stream and Product Liability Investigations
- Potentially Responsible Party Researches
- Historic Water Rights and Flood Liability Investigations
- Expert Witness Testimony

EDUCATION

Ph.D., History, University of California, Santa Barbara, 1986

Doctoral field: American History

M.A., History, University of California, Santa Barbara, 1976

B.A., History, California State University, Los Angeles, 1972

QUALIFICATIONS HIGHLIGHTS

- Worked as a professional consulting historian for twenty-eight years. Provided services as a sole practitioner since 2003.
- From 1988 to 2002, was a historian and project manager for PHR Environmental Consultants, Inc. and for LECG, LLC. During this time managed and conducted research on many types of history projects, including historic architectural surveys, water rights and flood damage litigation, land use investigations, business histories and environmental contamination cases.
- Extensive experience in identifying, retrieving, and interpreting primary and secondary historical documents from local, state, federal and private repositories and archives.
- Received training in, and conducted numerous projects on, the identification, evaluation and reporting on architectural and historic properties, using criteria and standards established by: the National Historic Preservation Act (Code of Federal Regulations, Title 36, Part 65, and subsequent Section 106 regulations); CEQA (Section 15064.5 (a)(2)-(3)); County of Santa Barbara; and City of Santa Barbara. Clients have included government agencies, architectural firms, developers, consulting companies and property owners.

- Listed on the "Approved Consultants List" of architectural historians by the City of Santa Barbara, City of Goleta, City of Carpinteria, and County of Santa Barbara.
