Regards Laguna County Sanitation District rate increase -

I strongly oppose this rate increase of 12%. In the past few years the rate has tripled in yearly sewer charge.

Several years ago the yearly rate was approximately \$200⁰⁰ it doubled at that time because of water softeners - last year it also went up (also 12%)

2010 - 519⁴⁷

2011 550⁶⁴

2012 589¹⁸

2013 653⁹⁹

2014 725⁹²

Increase 813⁰⁴

Total Increase \$293⁵⁷

2003 - 241.34 -

81304

24134

10 year Increase 571.70
