Subject: **Bella Vista Pole Removal Project**
Date: **August 15, 2014 at 8:28 AM**
To: **kptrson@gmail.com**

The purpose of this email is to inform those interested parties that David and Kathleen Peterson have paid non-refundable engineering fees to Verizon for the purpose of removing four poles, aerial cable and associated support structures along Bella Vista Dr., in Montecito, California. My expectation is that this pole removal work will be moving forward to completion in the forthcoming months as engineering is completed, additional fees paid and required conduit work constructed. The four poles being removed, 4130211E, 2320758E, 4732140E and 4198998E, are west of Romero Canyon Rd. If you have any questions, please feel free to contact me.

Regards,

Thomas Salman
