Cite specific CEQA Guideline Section: Section 15306 Information Collection:

Class 6 exemptions consists of basic data collection, research, experimental management, and resource evaluation activities which do not result in a serious or major disturbance to an environmental resource. These may be strictly for information gathering purposes, or as part of a study leading to an action which a public agency has not yet approved, adopted, or funded.

Reasons to support exemption findings (attach additional material, if necessary):

The Santa Barbara County Board of Supervisors is the responsible agency to award a contract professional design services for a Capital Improvement Project. The execution of a professional services contract is basic data collection which will not in a serious or major disturbance to an environmental resource. Further, the execution of the contract will not create any unusual circumstances which would create a possibility that there would be a significant effect.
