

Dear Chair Wolf and Board Members,

I am concerned about the impacts of the **Las Varas Ranch** development on coastal trails and access. I respectfully request that the Board of Supervisors:

- Support your Planning Commission and ensure that the project Environmental Impact Report is revised to fully address project impacts.
- Protect historic informal public coastal access to Edwards Point.
- Require dedication of an easement for a nearshore California Coastal Trail.
- Support the County's Coastal Plan that identifies Edwards Point as a Coastal Park.

Please do everything possible to acquire a nearshore California Coastal Trail and protect blufftop open space on Las Varas Ranch!

I would be very interested in seeing a California Coastal Trail in the SB area.
