Subject: County Comments on the PHMSA Notice of Proposed Rulemaking (Pipeline Safety Regulations)

Dear Board of Supervisors,

Thank you for considering comments regarding PHMSA's Notice of Proposed Rulemaking regarding Pipeline Safety Regulations. The Environmental Defense Center is also reviewing the proposal and will submit comments prior to the January 8 deadline. We appreciate the thorough review conducted by your staff, and we support the staff's recommended comments with the following modifications/additions:

1. With respect to the frequency of inspections, please request a regulation that will be consistent with new state law (SB 295) mandating annual inspections of hazardous liquid pipelines.
2. Please request that all inspection reports, notices of violations and other orders be posted on PHMSA's website.

Thank you for your consideration,
Linda Krop
