John Coats

Santa Barbara County Board of Supervisors Members of the Board

This letter accompanies the application for a vacant position on the Board of Directors for the Cuyama Community Service District.

I have been a homeowner and resident of New Cuyama since 2012. While I have spent most of my professional career in Los Angeles, I am a graduate of Santa Barbara High and the University of California at Santa Barbara. After attending a number of Board meetings of the Community Service District I recognized that the aging infrastructure, limited economic base, and evolving requirements for compliance with water regulations have put the district in a difficult position to continue providing a service which is essential for the survival of the town.

I believe I can contribute some level of experience and concern to the Board. I have been employed over the years in a number of positions that required technical understanding of chemical and industrial processes. Within the last 25 years I have worked in the visual effects field for motion picture production which involved detailed work in electronics and computer integration. Although I had little opportunity to participate in local government in the larger environment of Los Angeles, I feel that now that I am retired I can devote significant time to the local issues of concern to this small community.

I moved to Santa Barbara in 1962 with my family from Yuba City in Sutter County. My father was involved in local politics and served as a lawyer for the local water district. He also served as state assemblyman for the county and was instrumental in drafting water legislation for the sate in the late 1940's.

I hope I can follow this tradition and contribute to the continuation of the essential services provided by this district.

Thank You,

John Cut
