CEQA Guideline Section 15301 Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing use. The work entails landscaping maintenance of existing park facilities, and the exemption is not limited by factors set forth in CEQA Guideline Section 15300.2 as the building modifications are a Class 1 exemption, do not have a cumulative impact, significant effect on the environment due to unusual circumstances, impact on a scenic highway(s), nor impact on historical resources, and the building renovations are not on a hazardous waste site.
