ATTACHMENT 2A

DRAFT County Registration Form

Medical Cannabis Cultivation and Future Non-Medical

Cannabis Cultivation and Related Operations

Introduction

If you are growing cannabis under the personal medical use exemption in County Code 35-1003.A.1. or adult use exemption for 6 or fewer plants in Health and Safety Code section 11362.2, please <u>do not</u> complete this registration process.

The Non-Personal Cannabis Cultivation and Related Operations Registry Program (Registry), as established by the Board of Supervisors by ordinance, is intended to accomplish the following goals:

- Collect data regarding past, current and planned cannabis cultivation or related operations in the unincorporated area of Santa Barbara County.
- Inform future County cannabis studies including, but not limited to, California Environmental Quality Act (CEQA) analysis and possible economic impact analysis for a potential local cultivation or related operations ordinance consistent with the Adult Use of Marijuana Act (AUMA) (Proposition 64) and/or Medical Cannabis Regulation and Safety Act (MCRSA)
- Establish a pool of registrants that may receive priority review on an application for the cultivation of cannabis or related operations in the unincorporated area of Santa Barbara County after the adoption of County's potential cannabis ordinances.

We hope to accomplish these goals through this online registration system. Submitting a registration is not a guarantee that you will be issued a local or State license.

Instructions to the Applicant

The information you provide in this Registry will be used to register you as a medical cannabis cultivator, <u>a current</u> <u>non-medical cultivator</u> and/or your intent to engage in non-medical cannabis operations.

Before you start the Registry process, please note:

- All Registry applications and verification uploads must be completed by June 30, 2017. Incomplete forms will not be accepted and your registration will be invalid.
- It is your responsibility to complete this form and, provide all required information, to the best of your ability.
- Please respond to all items and questions.
 - If a question does not apply to you, write "N/A" (not applicable) in the space provided for your response.
- There is a column to indicate "Don't Know" if you don't know the answer.
- If you need more space for any response, attach additional files and identify the additional information by the question number.
- The data you submit may be subject to public record requests.

Registration Fee:

No fees are collected for you to participate in this online registry.

a.	Have you cultivated medical cannabis? (Please complete Sections 1 and 2)	YES	NO
b.	Do you intend to engage in medical or non-medical cannabis cultivation or related operations after local and state licen	ses	
	become available in approximately January 2018? (Please complete Sections 1 and 3)		

Section 1 – Identification Information

a.	REGISTRANT NAME (PRINT)	(Note: Registrant must be one of the owners / directors / board members who is authorized to act on behalf of the business.)			
b.	MAILING ADDRESS (Street n	umber and name, city, state, zip code)			
C.	PHONE NUMBER(S) Primary		Alternate:		
d.	E-MAIL(s) Primary:		Alternate:

The County may email you so that we have the information provided for the following purposes:

- an understanding of your past and/or current cultivation activities so that existing conditions can be described in an environmental document to be prepared for a cannabis ordinance; and/or
- an understanding of the cannabis-related activities for which you intend to obtain a license if the County adopts a cannabis ordinance and opens the license application process, for the purposes of conducting the environmental and economic analysis of a potential cannabis ordinance and cannabis licensing program.
