**Recommended Actions:**

That the Board of Supervisors:

- a) Approve and authorize the Chair to execute the attached Statement of Final Quantities for the FY 2016/2017 North County Road Rehabilitation for work performed and materials supplied by Granite Construction Company, (a local vendor), P.O. Box 6744, Santa Barbara CA, 93160, in the amount of \$861,125.00; and
- b) Determine that the North County Road Rehabilitation project was found by your Board to be exempt from the provisions of California Environmental Quality Act pursuant to State Guidelines Section 15301 on September 13, 2016, and that a Notice of Exemption was filed on that basis, and that the proposed action is within the scope of the attached Notice of Exemption.

**Summary Text:**

This item is on the agenda to approve the project as constructed and the attached Statement of Final Quantities. This project in the North County consisted of reparation of asphalt pavement for 4.1 lane miles of County maintained roads. This preventive maintenance program is one of the methods used in our RdMAP to ensure safe driving conditions on the County's roadway system.

The Director of Public Works accepted this project as complete on January 25, 2017. This project was completed on time and on budget.

Before: section of Numancia St.

After: section of Numancia St.

**Background:**

This project was part of the RdMAP, which the Department implements to place County streets on a preventive maintenance program. This process incorporates a conform grind, full width grind, or a pulverization of the road bed (depending on the severity of repair needed), along with a Hot Mix Overlay (HMA). This is one of the many pavement strategies the Department employs in its annual Preventive Maintenance Program, which consists of repairing failed areas and the replacement of damaged asphalt concrete pavement.

**Fiscal and Facilities Impacts:**

Budgeted: Yes

**Fiscal Analysis:**

<b><u>Funding Sources</u></b>	<b><u>Total One-Time Project Cost</u></b>
