Location: Santa Barbary County

Project Title: Homeless Management Information System (HMIS) Professional Services Agreement

Project Description: The United States Department of Housing and Urban Development (HUD) provides homeless assistance funding through the Continuum of Care (CoC) Program; HUD requires communities to implement HMIS, a locally-managed information technology system that collects client-level data and data on the provision of housing and services to individuals and families who are homeless or at risk of homelessness, as a condition of receiving funds through the CoC Program. The professional services agreement would provide technical assistance and support services to local agencies for administration of the HMIS system for implementation of the CoC Program.

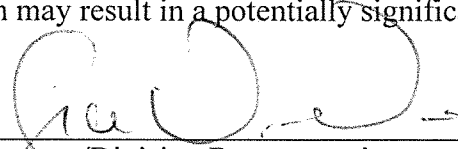

Exempt Status: (Check one)

- ☐ Ministerial
- ☐ Statutory
- ☐ Categorical Exemption
- ☐ Emergency Project
- ☐ No Possibility of Significant Effect [§15061(b,3)]
- ☒ Other

Cite specific CEQA Guideline Section: 15378(b)(4)

Reasons to support exemption findings (attach additional material, if necessary):

This action provides funding for a technological support system to administer a homeless service program and does not constitute a project under CEQA as the action involves the creation of government funding mechanisms or other government fiscal activities which do not involve a commitment to any specific project which may result in a potentially significant physical impact on the environment.
