Recommended Actions:

That the Board of Supervisors:

- a) Approve and authorize the Chair to execute the attached Statement of Final Quantities for the 2017 Santa Paula Avenue Hardscape Repair Project; County Project No. 820668, Second Supervisorial District for work performed and materials supplied by J.J. Fisher Construction, Inc., (a tri-local vendor), 261 W. Dana Street, Suite 102, Nipomo, CA 93444, in the amount of \$190,539.83;
- b) Determine that the project was found by your Board to be exempt from the provisions of California Environmental Quality Act pursuant State Guidelines Section 15301(c) on July 18, 2017, a Notice of Exemption was filed on that basis, and the proposed action is within the scope of the attached Notice of Exemption.

Summary Text:

This item is on the agenda to approve the project as constructed and the attached Statement of Final Quantities. The project is a repair of hardscape items located on Santa Paula Avenue from Walnut Lane to San Lucas Way, for a total of 1,000 feet.

The project consisted of tree and root removal, which had damaged both sidewalk and curb. These sidewalk and curb sections were then repaired and reconstructed.

On July 18, 2017, your Board awarded the above referenced construction contract to J.J. Fisher Construction, Inc., and construction work began on August 28, 2017. The Director of Public Works accepted this project as complete on October 10, 2017. This project was completed under budget.

Background:

Parkway trees between Walnut Lane and Lucas Way caused sections of uplifted and broken sidewalks, and curb and gutter problems on Santa Paula Avenue that interrupted a continuous path of travel for pedestrians. This project was developed to restore pedestrian facilities through the neighborhood, and to re-establish proper water drainage along the street.
