EXHIBIT A
STATEMENT OF WORK

ARTICLE I
GORDIAN DUTIES AND RESPONSIBILITIES

Gordian will perform the duties and responsibilities specified below to complete the JOC Complete Solution® Services:

1. **JOC System License** - Gordian shall provide Owner with a license to use Gordian's proprietary JOC System as outlined in Article II, "JOC System License."
2. **Unit Price Book** - Gordian shall prepare three customized unit price books, known as a Construction Task Catalog®, containing prices covering material, equipment and labor costs for various units of construction, and adjusting these costs to current market conditions. The unit price books shall be one each for the following three trades: 1) Asphalt, 2) Flooring, and 3) Painting. Owner will have access to Gordian's pre-existing Construction Cost Database in order to select the construction tasks that will be included in Owner's Construction Task Catalog. Only local prevailing wages and local material and equipment costs (obtained directly from local subcontractors and suppliers) to price the Construction Task Catalog shall be used. The use of generic factors to localize prices is not acceptable. Unit prices for demolition shall be provided for each construction task. Every cost to install an item or unit shall be accompanied by a corresponding cost to remove the same item or unit. Tasks may have several modifiers which adjust the price for variations in materials or for quantity discounts.
3. **Technical Specifications** - Gordian shall prepare and publish Technical Specifications describing the materials, performance and installation requirements for each of the construction tasks list in each of the Construction Task Catalogs. Where available, Owner standard specifications shall be incorporated into the Technical Specifications for each Task Catalog.
4. **Contractual Terms and Conditions and Bid Forms** - Gordian shall prepare, in conjunction with Owner staff, general terms and conditions and bid forms which incorporate JOC language and forms with all appropriate Owner contract language and forms.
5. **Information Management System** - Gordian shall provide Owner with access to the eGordian® JOC information management application ("IMS") for an unlimited number of Owner and JOC contractor users. The IMS must be capable of providing full project tracking, developing cost proposals, preparing independent Owner estimates, generating all project documentation, providing project scheduling, budgeting and cost control, tracking LBE participation, and generating customized reports for Owner. Gordian must incorporate current Owner forms and documentation into the IMS.
6. **Procurement Support** - Gordian shall provide Owner with procurement support to market Owner JOC Program to potential JOC contractors. Gordian shall organize and conduct pre-bid meetings with interested bidders and make presentations on behalf of Owner, with various business and contracting organizations. Gordian's personnel assigned to perform procurement support must have extensive JOC procurement experience. During the development and implementation of the JOC program, Gordian will conduct informational meetings with representatives from the Building Trades Councils, local unions, and the construction community within Santa Barbara County, and will perform necessary reporting to the Department of Industrial Relations for prevailing wage requirements.

7. **Training Program** - Gordian shall develop and conduct all training programs for Owner and JOC contractor to ensure the JOC program functions properly. The training programs must include specialized training courses that will involve all parties utilizing and administering the JOC program. The training programs must include extensive training on the use of the JOC IMS. All training shall be "hands on" with functional use and individual performance as the objective. Actual Owner projects that Owner plans to perform through JOC must be included in the training programs.

8. **JOC Program Development** - Gordian shall provide development, implementation, and on-going support of Owner JOC program, including development of the execution procedures that will be used to operate Owner JOC program and participating in informational meetings with representatives from building trade councils, local unions and the construction community during the development of each of the Construction Task Catalogs and proposal documents.

9. **On-Going 24/7 Technical Support** - Gordian shall provide ongoing 24/7 technical support, including, but not limited to, assisting Owner with JOC program execution, analysis of task order proposals, troubleshooting and continuous system monitoring, updated contract documents, assistance with the procurement of additional JOC contractors, providing Owner with access to all updates and revisions to the IMS, and providing training for new Owner staff and JOC contractors. Providing on-going technical support is considered a vital component to ensuring a successful Owner JOC program.

10. In addition, Gordian will assist with the developing of Job Orders from project identification to issuance of the Job Order by performing the following services:

a. **Project Identification** – When a project is identified, a Gordian Account Manager will assist Owner staff with determining whether the project is appropriate for JOC.

b. Not used.

c. **Joint Scope Meeting** – A Gordian Account Manager will quickly schedule a Joint Scope Meeting at the project site to help Owner and the JOC contractor agree on the details of the work that the JOC contractor will perform. The scoping process allows the JOC contractor to inspect the site and ask questions before submitting a Price Proposal.

d. **Develop Detailed Scope of Work** – Next Gordian will assist in preparing a Detailed Scope of Work that describes the work the JOC contractor will perform. Gordian will also assist with resolving issues when project plans and actual conditions vary.

e. **Request for Price Proposal** – After all parties are in agreement that the Detailed Scope of Work properly reflects the work to be performed, the Gordian Account Manager will send the Detailed Scope of Work and a Request for Proposal to the JOC contractor.

f. **Preparation of Price Proposal** – Next, the JOC contractor prepares and submits a Price Proposal by selecting the appropriate tasks from the Construction Task Catalog. Gordian's JOC software will automatically multiply the unit price of the task by the required quantities times the JOC contractor's competitively bid adjustment factor.

g. **Price Proposal Review** – Then, a Gordian Account Manager will review the Price Proposal to make sure the JOC contractor has selected the appropriate tasks and quantities and shall ask the JOC contractor to make any required changes. Gordian shall also obtain and review any Owner required information submitted by the JOC contractor such as a construction schedule and list of proposed

subcontractors. Then, the Gordian Account Manager shall submit the Price Proposal and related documents to Owner.

h. **Issue Job Order** – Once Owner is 100% satisfied with the Price Proposal and related documents, and decides to move forward with the project, Owner will be responsible for the issuance of a purchase order to the selected JOC contractor and the management of the construction work.

Optional Construction Cost Estimating Services

12. Owner, in its sole discretion, may request construction cost estimating services on an as-needed basis. Gordian's professional construction cost estimators will provide project estimating services on JOC and non-JOC projects, consisting of building rough order of magnitude estimates, using national construction cost data, from stated scopes and/or construction drawings and specifications. CONTRACTOR will be compensated for Cost Estimating Services only when such services are requested by Owner's authorized representative in writing.

Additionally, Owner is a public entity subject to the California Public Record Act and the Ralph M. Brown Act and must act pursuant to the requirements of those statutes.

Upon expiration or termination of this Agreement as provided herein, Gordian shall provide to Owner all project data generated by Owner in a form accessible by a standard database program, such as Microsoft® Access®.

Gordian agrees to grant a license to each contractor that is awarded a JOC contract by Owner, provided the JOC contractor agrees to pay Gordian's contractor license fee in effect when Owner awards the contract, and provided Owner includes licensing language in the JOC contract similar in form to this JOC System License.

In the event of a conflict in terms and conditions between this JOC System License and any other terms and conditions of this Agreement or any purchase order or similar purchasing document issued by Owner, this JOC System License shall take precedence.

CONTRACTOR shall notify COUNTY immediately in the event of any accident or injury arising out of or in connection with this Agreement. The indemnification provisions in this Agreement shall survive any expiration or termination of this Agreement.

INSURANCE

CONTRACTOR shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the CONTRACTOR, its agents, representatives, employees or subcontractors.

1. **Commercial General Liability (CGL):** Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products-completed operations, personal & advertising injury, with limits no less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate.
2. **Automobile Liability:** ISO Form Number CA 00 01 covering any auto (Code 1), or if CONTRACTOR has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limit no less than \$1,000,000 per accident for bodily injury and property damage.

Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the COUNTY.

B. Other Insurance Provisions

(Co of SB Std Terms Ver 1-01-2014)
(Co of SB Risk Management-May 2013)

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. **Additional Insured** – COUNTY, its officers, officials, employees, agents and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the CONTRACTOR's insurance at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 if a later edition is used).
2. **Primary Coverage** – For any claims related to this Agreement, the CONTRACTOR's insurance coverage shall be primary insurance as respects the COUNTY, its officers, officials, employees, agents and volunteers. Any insurance or self-insurance maintained by the COUNTY, its officers, officials, employees, agents or volunteers shall be excess of the CONTRACTOR's insurance and shall not contribute with it.
3. **Notice of Cancellation** – Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the COUNTY.
4. **Waiver of Subrogation Rights** – CONTRACTOR hereby grants to COUNTY a waiver of any right to subrogation which any insurer of said CONTRACTOR may acquire against the COUNTY by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the COUNTY has received a waiver of subrogation endorsement from the insurer.
5. **Deductibles and Self-Insured Retention** – Any deductibles or self-insured retentions must be declared to and approved by the COUNTY. The COUNTY may require the CONTRACTOR to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
6. **Acceptability of Insurers** – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum A.M. Best's Insurance Guide rating of "A- VII".
7. **Verification of Coverage** – CONTRACTOR shall furnish the COUNTY with proof of insurance, original certificates and amendatory endorsements as required by this Agreement. The proof of insurance, certificates and endorsements are to be received and approved by the COUNTY before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the CONTRACTOR's obligation to provide them. The CONTRACTOR shall furnish evidence of renewal of coverage throughout the term of the Agreement. The COUNTY reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.
8. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, COUNTY has the right but not the obligation or duty to terminate the Agreement. Maintenance of required insurance coverage is a material element of the Agreement and failure to maintain or renew such coverage or to provide evidence of renewal may be treated by COUNTY as a material breach of contract.
9. **Subcontractors** – CONTRACTOR shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and CONTRACTOR shall ensure that COUNTY is an additional insured on insurance required from subcontractors.

10. Claims Made Policies – If any of the required policies provide coverage on a claims-made basis:

- i. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
- ii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of contract work.
- iii. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the CONTRACTOR must purchase "extended reporting" coverage for a minimum of five (5) years after completion of contract work.

11. Special Risks or Circumstances – COUNTY reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. CONTRACTOR agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of COUNTY to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of COUNTY.
