Dear Board of Supervisors,

I understand that at an upcoming meeting you will be considering the creation of a new position: Community Outreach Liaison. As the superintendent of the Montecito Union School District I wanted to express my strong and enthusiastic support for such a position.

The residents of Montecito continue to have ongoing needs and require the continued support of public agencies. Many of them are just now taking stock of their new lives, having spent the last few months in grief and shock. I talk to families every day who are thankful to the County for its leadership, and with the center in Montecito about to close, I think that this position will continue that good work. As you know, the twin disasters that befell our community will take years to recover from. In my view, the continued support of the County in the form of this Liaison is sorely needed and will be deeply valued by all.

Thank you for your consideration, and please don't hesitate to contact me with any questions you may have.
