## 2016 Random Salary Approach

## 2018 Structured Salary Approach

A healthy salary structure reveals a positive correlation between salary and years of service

## Retention (Longevity) Incentive

How likely is it that you/your co-workers would stay with the County for an additional year if it meant receiving the incentive?
38.46\% Somewhat Likely
53.84\% Very Likely - Absolutely

## One More Year of Service Increases ROI!

## 4 Key Recommended Changes

- Normalize percentage spread in Salary Band from 60\% to between 45-49\%
- Adjust the Leadership Classification Salary Bands by the negotiated percentage increase and market data
- Establish new classification and salary bands for Board of Supervisors Chief of Staff
- Add Special Project/Extraordinary Assignment Pay
