

NOTICE OF EXEMPTION

TO: Santa Barbara County Clerk of the Board of Supervisors

FROM: General Services Department/Real Property Division

Based on a preliminary review of the project the following activity is determined to be exempt from further environmental review requirements of the California Environmental Quality Act (CEQA) of 1970, as defined in the State and County Guidelines for the implementation of CEQA.

APN(s) 099-150-057 **Case No.** Real Property File No. 003672

LOCATION: 2025 Sweeney Road, Lompoc, CA 93436

PROJECT TITLE: Bridgehouse First Amendment to License Agreement

PROJECT DESCRIPTION: The proposed action is to amend the License Agreement to reflect the installation of a leach field to facilitate the functionality of the failing septic system; add language stating that the Licensee is responsible for the annual service, inspection and all costs related to the maintenance of the leach field and septic system; and to replace Exhibit A: map reflecting the change in the property boundary with the inclusion of the leach field.

EXEMPT STATUS: (Check One)

- ☐ Ministerial
- ☐ Statutory
- ☒ X Categorical Exemption [Section 15301 and 15302]
- ☐ Emergency Project
- ☐ No Possibility of Significant Effect

Cite specific CEQA Guideline Section: 15301 [*Existing Facilities*]; 15302 [*Replacement or Reconstruction*]

Reasons to support exemption findings: The proposed action is categorically exempt from environmental review pursuant to Section 15301 [*Existing Facilities*] of the Guidelines for Implementation of the California Environmental Quality Act (CEQA). The CEQA Existing Facilities exemption at Section 15301 allows for the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. Further, Section 15302 [*Replacement or Reconstruction*] allows the proposed action of the amendment of a license agreement for the purpose of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced, therefore, approval of this amendment is exempt from CEQA in accordance with Sections 15301 and 15302.

With regard to the proposed project, the exceptions to the Existing Facilities categorical exemption that must be considered pursuant to Section 15300.2 of the State CEQA Guidelines are:

- (a) *Location. Classes 3,4,5,6, and 11 are qualified by consideration of where the project is to be located – a project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant. Therefore, these classes are*

considered to apply in all instances, except where the project may impact on an environmental resources of hazardous or critical concern where designated, precisely mapped, and official adopted pursuant to law by federal, state, or local agencies.

The Section 15301 is a Class 1 Categorical Exemption, therefore this exception is not applicable.

- (b) Cumulative Impact. All exemptions for these classes are inapplicable when the cumulative impact of successive projects of the same type in the same place, over time is significant.*

There are no successive projects of the same type in the same place anticipated for this location. There is no cumulative impact and, therefore this exception does not apply.

- (c) Significant Effect. A categorical exemption shall not be used for an activity where there is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.*

The County's proposed License Amendment will not result in any physical changes or impacts to the environment and therefore will not result in a significant effect on the environment.

- (d) Scenic Highways. A categorical exemption shall not be used for a project which may result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway. This does not apply to improvements which are required as mitigation by an adopted negative declaration or certified EIR.*

There are no state scenic highways in the project area. This exception does not apply.

- (e) Hazardous Waste Sites. A categorical exemption shall not be used for a project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code.*

This proposed project is not located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, it is not located on a hazardous waste site and this exception does not apply.

- (f) Historical Resources. A categorical exemption shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource.*

This proposed project does not involve any historical resources. This exception does not apply.

As described above, none of the exceptions to the categorical exemptions contained within Section 15300.2 of the State CEQA Guidelines apply to this project.
