**For Agenda Of:** July 14, 2020  
**Placement:** Administrative  
**Estimated Time:** N/A  
**Continued Item:** No  
**If Yes, date from:**  
**Vote Required:** Majority

---

**TO:** Board of Directors, Flood Control and Water Conservation District

**FROM:** Department Scott D. McGolpin, Public Works Director, (805) 568-3010  
Director(s)  
Contact Info: Thomas D. Fayram, Deputy Public Works Director, (805) 568-3436

**SUBJECT:** East Side Storm Drain Outlet Structure Reconstruction Project, First Supervisorial District

---

**County Counsel Concurrence**

As to form: Yes

**Auditor-Controller Concurrence**

As to form: Yes

**Other Concurrence: Risk Management**

As to form: Yes

**Recommended Actions:**

That the Board of Directors:

- a) Approve the attached plans and specifications for the East Side Storm Drain Outlet Structure Reconstruction Project;
- b) Award the construction contract for the East Side Storm Drain Outlet Structure Reconstruction Project, in the amount of \$464,160.00 (including \$25,000 in itemized supplemental work) to the lowest responsible bidder Brough Construction, Inc. (a tri-county vendor), subject to the provisions of documents and certifications, as set forth in the plans and specifications applicable to the project and as required by law;
- c) Approve and authorize the Chair to execute the attached Construction Contract upon return of the contractor's executed contract documents, and the review and approval of the County Counsel, Auditor-Controller, and Risk Manager or their authorized representatives;
- d) Authorize the Public Works Director or designee to approve changes or additions to the work being performed under the Construction Contract, in an amount not to exceed \$35,708.00 for the East Side Storm Drain Outlet Structure Reconstruction Project;

- e) Approve and authorize the Chair to execute the Agreement for Services of Independent Contractor with Filippin Engineering (a local vendor) to provide construction management and inspection services for the East Side Storm Drain Outlet Structure Reconstruction Project for the period of July 14, 2020 through December 31, 2021 in an amount not to exceed \$63,981.00;
- f) Authorize the Public Works Director or designee to approve amendments to the professional services agreement with Filippin Engineering in an amount not to exceed \$6,398.10;
- g) Determine that the East Side Storm Drain Outlet Structure Reconstruction Project to be carried out is for the benefit of a single zone; and
- h) Determine that the Eastside Storm Drain Outlet Reconstruction Project is exempt from the provisions of the California Environmental Quality Act, pursuant to State California Environmental Quality Act Guidelines Section 15301, Repair and Maintenance of Existing Facilities, as set forth in the Notice of Exemption filed with the Clerk of the Board on that basis on December 9, 2019, and the proposed action is within the scope of that Notice of Exemption. Document can be found: <https://santabarbara.legistar.com/LegislationDetail.aspx?ID=4410255&GUID=E3EB51E6-C7C8-401D-8EBB-141569A85A1A>

**Summary Text:**

This item is on the agenda in order to approve the plans and specifications (Attachment A), to award the construction contract (Attachment B), and to approve the construction management and inspection contract (Attachment C) for the East Side Storm Drain Outlet Structure Reconstruction Project.

On June 11, 2020, the Flood Control District received six bids for the East Side Storm Drain Outlet Structure Reconstruction Project. Brough Construction, Inc. submitted the lowest responsive bid in the amount of \$464,160.00. The second lowest bid was in the amount of \$470,200.00. The highest bid was in the amount of \$625,000.00. The engineer's construction cost estimate was \$447,000.00.

This project was bid in accordance with the Public Contract Code, which requires the contract to be awarded to the lowest responsible and responsive bidder. The Department analyzed the bid and determined the low bid is responsive and responsible. Public Works recommends awarding this contract to Brough Construction, Inc.

Filippin Engineering is on the Prequalified Consultant List for Professional Services for construction management for the Public Works Department. Filippin has thorough insight into the work involved and was selected based on their demonstrated competence and professional qualifications to enter into an agreement to provide full-time construction inspection for this project.

**Background:**

The East Side Storm Drain is located within the City of Santa Barbara and it helps drain approximately 605 acres of watershed. It was originally built in 1976. The Outlet Structure of this system is located on

the beach (Exhibit A) and has reached its useful service life as a result of being subject to the highly aggressive nature of the ocean/beach environment.

The East Side Storm Drain Outlet Reconstruction Project is scheduled for the fall of 2020. The construction of the project will begin after Labor Day to avoid impacts to public recreation as required by the California Coastal Commission.

**Fiscal and Facilities Impacts:**

Budgeted: Yes

<b>Funding Sources</b>	<b>Current FY Cost:</b>	<b>Annualized On-going Cost:</b>	<b>Total One-Time Project Cost</b>
South Coast FZ			\$ 570,247.10
Federal			
Fees			
Other:			
<b>Total</b>	\$ -	\$ -	\$ 570,247.10

**Fiscal Analysis:**

Narrative:

Construction of this project is scheduled for 2020 and funding was approved in the adopted FY 2020-21 budget in the Water Resources Division of the Public Works Department as shown on page D-332 in the budget book. This project is also included in the County’s Capital Improvement Program.

**Special Instructions:**

Direct the Clerk of the Board to send two originals of the Agreements w/ Filippin Engineering, and a copy of the minute order of these actions to the Flood Control District office: Attn: Christina Lopez.

**Attachments:**

- Attachment A - Plans and Specifications
- Attachment B - Copy of Agreement w/ Brough Construction, Inc.
- Attachment C - Agreement for Services of Independent Contractor with Filippin Engineering (3 originals and includes the contract summary)

**Authored by:**

Yoganathan Thierumaran, Civil Engineer, (805) 568-3458
