Dear County Board of Supervisors:

We are residents of Carpinteria and members of Concerned Carpinterians, and we have been negatively impacted by the odor issues of cannabis farming in our town. Our pleas for help have been unheard in our written correspondence and our attendance at County Supervisors meetings. Please address the findings and issues discovered by the Grand Jury in their extensive investigation. This is your opportunity to install sensible controls for cannabis. Our County is depending on you and need you to be the representatives we had believed in when you were voted into office.

Sincerely,

Mario & Sandra Nargi
