Subject: Open Up Santa Barbara County

LATE  
DIST

Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.

Good afternoon,

Please open up our county. Businesses are suffering, and could close indefinitely under these circumstances.

Schools need to reopen. Children are suffering not socializing or being in a school room setting. Parents are teaching, not working, and this is financially draining.

We all need to let this pandemic run its course.
