Please ask law enforcement how they learn of changes in immigration law.

It is important that law enforcement is impartial and is current. For example, on June 14, the Supreme Court limited types of crimes that are deportable offenses.

The act of law enforcement targeting certain people in order to assist ICE with detaining (re-imprisoning) an individual is already a borderline civil rights infringement. To compound this situation with the fact that law enforcement might not be aware of changes to law is abuse.
