Summary Text:

The Federal Workforce Innovation & Opportunity Act (WIOA) of 2014, requires the County of Santa Barbara to appoint new Workforce Development Board members and institute changes in structure and program design. The term of eleven current members is set to expire at the end of September, 2021. The Workforce Development Board Executive Director is putting forward recommended reappointments, and a new appointee to fill a vacant position.

Background:

On July 24, 2014, the President signed into law the WIOA that replaces WIA of 1998. Both WIA and WIOA legislation create a publicly-funded workforce system across the nation via public/private partnerships. In Santa Barbara, the Public Partner is the County of Santa Barbara and the Private Partner is the WDB, with each partner having equal standing and legislatively-mandated responsibilities.

In addition, the Federal legislation requires an Executive Director of the Workforce Board to foster the collaboration between the County and Workforce Board and provide the day-to-day management of the workforce system.

The WIOA is intended to build upon the successes and lessons learned over more than fifteen years that the WIA was in existence and to review, renew, and revitalize the current systems and structures. The key elements of WIOA are: systems alignment (between workforce, economic vitality, community colleges, and the private sector), industry sector strategies, multiple-county regional collaboration, smaller and more strategic workforce boards, and continuous improvement of the delivery system.

Board Recruitment

Principal among the activities required for implementation of WIOA is the selection of the WDB. The Act requires that the majority of members must be from the private sector. According to the Act, these members should be Chief Executives or Executive level decision makers within organizations that provide high quality employment opportunities, and they should be representatives from the County's designated high growth industry sectors.

In addition to the private sector requirements, the Act also mandates that the Board include at least one representative from: Labor Organizations and Community Based Organizations; Apprenticeship Programs; Adult Education; Institutions of Higher Education; Economic Development; The State's Employment Development Department (EDD); and Vocational Rehabilitation Programs.

Because the Chief Local Elected Official (CLEO), as designated by the State of California and prescribed by the WIOA, has fiduciary responsibility for funds received, the WIOA stipulates that the WDB members must be appointed by the CLEO. The stated intent of the WIOA is to foster a "public/private" partnership between the CLEO and the private sector led by the WDB. Consequently, all appointments and reappointments to the WDB must be appointed by the Board of Supervisors.

Based on the above criteria, the Workforce Development Board Executive Director recommends the following applicant to fill a vacant position on the Board:

- Susan Salcido, Santa Barbara County Superintendent of Schools, Santa Barbara County Education Office

Their application can be found in Attachment A.

The Workforce Development Board Executive Director also recommends the reappointment of eleven existing WDB members. The list of names and their respective terms are indicated in Attachment C.
