County of Santa Barbara

105 Anapamu Street, Santa
Barbara

Legislation Text

File #: 08-00610, **Version:** 1

Adopt a Resolution supporting the current structure of Proposition 10 (featuring a tax on tobacco products that is fairly apportioned across counties and local control of deployment of these funds) and opposing any efforts to divert or reprogram Proposition 10 funds. In keeping with our legislative principles, this action is necessary to ensure local autonomy to deploy Proposition funding as determined by local needs for prevention and early intervention programs and system improvement activities for children aged 0-5, their families and providers of services.
